Anti-Semitism and Its Metaphysical Origins David Patterson, 2015-02-09 This book articulates a deeper understanding of the phenomenon of Jew hatred as a metaphysical aspect of the human soul Proceeding from the Jewish thinking that the anti Semites oppose David Patterson argues that anti-Semitism arises from the most ancient of temptations the temptation to be as God and thus to flee from an absolute accountability to and for the other human being

The Palgrave Handbook of Holocaust Literature and Culture Victoria Aarons, Phyllis Lassner, 2020-01-24 The Palgrave Handbook of Holocaust Literature and Culture reflects current approaches to Holocaust literature that open up future thinking on Holocaust representation The chapters consider diverse generational perspectives survivor writing second and third generation and genres memoirs poetry novels graphic narratives films video testimonies and other forms of literary and cultural expression In turn these perspectives create interactions among generations genres temporalities and cultural contexts The volume also participates in the ongoing project of responding to and talking through moments of rupture and incompleteness that represent an opportunity to contribute to the making of meaning through the continuation of narratives of the past As such the chapters in this volume pose options for reading Holocaust texts offering openings for further discussion and exploration The inquiring body of interpretive scholarship responding to the Shoah becomes itself a story a narrative that materially extends our inquiry into that history

The Holocaust and the Nonrepresentable David Patterson, 2018-05-22 Many books focus on issues of Holocaust representation but few address why the Holocaust in particular poses such a representational problem David Patterson draws from Emmanuel Levinas's contention that the Good cannot be represented He argues that the assault on the Good is equally nonrepresentable and this nonrepresentable aspect of the Holocaust is its distinguishing feature Utilizing Jewish religious thought Patterson examines how the literary word expresses the ineffable and how the photographic image manifests the invisible Where the Holocaust is concerned representation is a matter not of

imagination but of ethical implication not of what it was like but of what must be done Ultimately Patterson provides a deeper understanding of why the Holocaust itself is indefinable not only as an evil but also as a fundamental assault on the very categories of good and evil affirmed over centuries of Jewish teaching and testimony **Student Companion to Elie Wiesel** Sanford Sternlicht, 2003-11-30 Since it was written nearly 50 years ago *Night* 1958 has changed world perception of the Holocaust experience Wiesel's oeuvre including Holocaust narratives such as *Dawn* 1961 novels essays tales and plays has also altered the critical and aesthetic landscape through which we view literature placing themes of religious identity hope survival devotion to family and humanity ahead of distinctions of fiction and nonfiction This volume offers critical analysis of all of Wiesel's major writings with full chapters on *Night* *Dawn* *The Oath* and four other full length works His most recent five novels including *The Testament* 1980 and *Twilight* 1987 are also covered Plot character development thematic concerns and style are discussed as are historical contexts and alternate critical perspectives This volume is an indispensable tool for students whether they are encountering *Night* for the first time revisiting Wiesel's literary contributions or discovering the author's recent works such as *The Judges* 1999 A biographical section relates the tragic events of Wiesel's life to his inspirational writings A literary heritage chapter offers an overview of his achievements and situates his works within the Western literary tradition and the historical and religious frameworks A separate chapter covers Wiesel's nonfiction writings including his most important essays tales and studies A bibliography of selected sources is included

What's My Zip Code? David Stringer, 2011-04-24 Teaching the Shoah Zev Garber, Kenneth L. Hanson, 2022-11-16 Today more than 80 years after the Holocaust Shoah the events surrounding Hitler's campaign of murder have not receded into the distance but remain memorialized in multiple venues both scholarly and popular This volume is an anthological collection of essays and creative pieces showcasing the pedagogical issues related to the Nazi genocide It addresses the field of Shoah education featuring new and novel ways to promote awareness of the reality of the genocide as well as an understanding of the instrumentalities both philosophical and physical which drove and concretized it In addition to serious academic contributions this volume features a play a short story and a discussion of the use of educational video in an online environment It provides insight into the overarching question how can and should the Shoah be taught and what approaches can be utilized in sharing the most important lessons of this most unspeakable example of ethnic cleansing in human history

The Ignorant Perfection of Ordinary People Robert Inchausti, 1991-01-01 This book examines how the spiritual longings of ordinary people have shaped the most progressive political and cultural movements of the twentieth century and given birth to a new postmodern perspective on existence that recoups the traditional religious verities on the far side of both literary modernism and neo Marxism Inchausti focuses on figures who have been instrumental in defending the sacred traditions of indigenous cultures and oppressed minorities He demonstrates that Mahatma Gandhi Alexander Solzhenitsyn Elie Wiesel Martin Luther King Jr Mother Teresa and Lech Walesa share an ethic that is at once plebeian in origin and yet

sublime in aspiration
