Migrant Anxieties Aine O'Healy,2019-01-24 During a period of heightened global concerns about the movement of immigrants and refugees across borders Migrant Anxieties explores how filmmakers in Italy have probed the tensions accompanying the country s shift from an emigrant nation to a destination point for over five million immigrants over the course of three decades ine O Healy traces a phenomenology of anxiety that is not only present at the sociopolitical level but also interwoven into the narrative strategies of over 30 films produced since 1990 throwing into sharp relief the interface between the local and the global in this transnational era Starting with the representation of post communist migrations to Italy from Eastern Europe and subsequent arrivals from Africa through the controversial frontier of Lampedusa O Healy explores topics as diverse as the configuration of migrant labor affective surrogacy Italian whiteness and the legacy of Italy s colonial history Showing how contemporary filmmaking practices in Italy are linked to changes in the broader media landscape O Healy analyzes the ways in which both Italian and migrant filmmakers are reimagining Italian society and remapping the nation s borderscape

The Social Dynamics of Pronominal Systems Paul Bouissac,2019-07-15 Personal pronouns have a special status in languages As indexical tools they are the means by which languages and persons intimately interface with each other within a particular social structure Pronouns involve more than mere grammatical functions in live communication acts They variously signal the gender of speakers as parts of utterances or in their anaphoric roles They also prominently indicate with a range of degrees the kind of social relationships that hold between speakers from intimacy to indifference from dominance to submission and from solidarity to hostility Languages greatly vary in the number of pronouns and other address terms they offer to their users with a distinct range of social values Children learn their relative position in their family and in their society through the correct use of

pronouns When languages come into contact because of population migrations or through the process of translation pronouns are the most sensitive zone of tension both psychologically and politically This volume endeavours to probe the comparative pragmatics of pronominal systems as social processes in a representative set from different language families and cultural areas *Infertilità due punto zero. Scritture a perdere Giulio Ferroni, 2011-03-16 T00:00:00+01:00 Oggi assistiamo al paradosso di una letteratura che si moltiplica e contemporaneamente arretra assediata dall'impero dei media dalla vacuità della comunicazione dalla degradazione del linguaggio e della vita civile Sottrarre anziché accumulare ritrovare la passione e la bellezza dell'essenziale Scrivere di meno scrivere meglio Insieme ad una radicale ecologia dell'ambiente fisico abbiamo sempre più bisogno di un'ecologia della comunicazione che agisca come ecologia della mente che liberi le nostre menti dagli scarti infiniti che le tengono in ogni momento sotto assedio con una variegata catena di manipolazioni a cui ben pochi arrivano a resistere Ed sempre più necessaria un'ecologia del libro e della letteratura capace di operare distinzioni nell'immenso accumulo del materiale librario prodotto

Don Chisciotte. Leadership della quasi-vittoria Beppe Carrella, 2018-02-15 Cosa ci può insegnare sulla leadership don Chisciotte, santo patrono dei resilienti, indomabile paladino della quasi vittoria? E chi come lui non ha desiderato diventare cavaliere? Vivere mille avventure, stupire gli altri, venire ricompensato da fama, essere portatore di grandi ideali e valori. Che fine ha fatto questo sogno? Si fa in fretta a etichettare pazzo chi crede e chi più sognatore del don. Uno che uscito fuori di senno che ha iniziato a vedere attorno a sé la bellezza che mette in discussione la verità del mondo. Il don ha una visione che lo fa mettere in viaggio con ronzino e scudiero, diretto sempre oltre. Anche per noi possibile diventare protagonisti, insuccesso dopo insuccesso. Conservare gli ideali quando tutto attorno crolla. Prendere in mano il proprio talento. E per citare Will Eisner, non importa se don Chisciotte sia esistito veramente, quello che conta che sia esistito il suo sogno.
