remains priceless across the ages **When The Game Was Ours** Larry Bird, Earvin Magic Johnson, Jackie MacMullan, 2009-11-04 The New York Times bestseller from the Hall of Fame basketball legends Finally a book that tells the story of Magic and Larry from their vantage point Denzel Washington In Celtic green was Larry Bird the hick from French Lick with laser beam focus relentless determination and a deadly jump shot a player who demanded excellence from everyone and whose caustic wit left opponents quaking in their high tops Magic Johnson was Mr Showtime a magnetic personality with all the right moves Young indomitable he was a piper in purple and gold And he burned with an inextinguishable desire to win When their matchup started they were bitter rivals but along the way they became lifelong friends With intimate fly on the wall detail When the Game Was Ours transports readers to this electric era of 1980s basketball and reveals for the first time the inner workings of two players dead set on besting one another From the heady days of trading championships to the darker days of injury and illness we come to understand Larry's obsessive devotion to winning and how his demons drove him on the court We hear him talk with candor about playing through chronic pain and its truly exacting toll In Magic we see a young invincible star struggle with the sting of defeat not just as a player but as a team leader We are there the moment he learns he's contracted HIV and hear in his own words how that devastating news impacted his relationships in basketball and beyond But always in both cases we see them prevail An exhilarating ride down one of the most competitive rivalries ever Pat Riley Pipeline to the Pros Ben Kaplan, Danny Parkins, 2024-04-16 Jeff Van Gundy Brad Stevens Frank Vogel Mike Budenholzer Tom Thibodeau Sam Presti Leon Rose Before you knew his name before he drafted your favorite player before he guided your team to a championship he had a playing career of his own at an NCAA Division III college He didn't play for fortune the NBA was out of reach and his school didn't even give athletic scholarships He didn't play for fame his games weren't televised and the stands were rarely full Whatever the motivation he simply couldn't give up the game of basketball And that didn't change after graduation when it was time to pick a career path For the first time in league history NBA coaches and general managers are just as likely to have played Division III basketball as they are to have played in the NBA While the number of former D3 players working in the NBA is higher than ever small college alums have served in leadership positions since the league's founding They shaped the NBA into what it is today playing integral roles in the Lakers' initial success in Los Angeles the inception of several expansion franchises the creation of the popular All Star Weekend dunk contest the globalization of the league and more Their improbable and inspiring journeys tell a bigger story the history of small college athletics the evolution of coaching and management in the NBA and the hiring practices in the most competitive fields Their alma maters were small but their impact on the game and the implications of their success loom large **Peernovation Second Edition** Leo Bottary, 2025-03-25 Peer no va tion pir n v shn combines the words peer people of equal standing and innovation creativity realized It is the act of working together to create something larger than ourselves This second edition of Peernovation stands on the shoulders of Leo Bottary's award winning books The Power of

New Body Politics Therí A. Pickens,2014-02-05 In the increasingly multi racial and multi ethnic American landscape of the present understanding and bridging dynamic cross cultural conversations about social and political concerns becomes a complicated humanistic project How do everyday embodied experiences transform from being anecdotal to having social and political significance What can the experience of corporeality offer social and political discourse And how does that discourse change when those bodies belong to Arab Americans and African Americans Ther A Pickens discusses a range of literary cultural and archival material where narratives emphasize embodied experience to examine how these experiences constitute Arab Americans and African

Americans as social and political subjects Pickens argues that Arab American and African American narratives rely on the body's fragility rather than its exceptional strength or emotion to create urgent social and political critiques The creators of these narratives find potential in mundane experiences such as breathing touch illness pain and death Each chapter in this book focuses on one of these everyday embodied experiences and examines how authors mobilize that fragility to create social and political commentary Pickens discusses how the authors focus on quotidian experiences complicates their critiques of the nation state domestic and international politics exile cultural mores and the medical establishment New Body Politics participates in a vibrant interdisciplinary conversation about cross ethnic studies American literature and Arab American literature Using intercultural analysis Pickens explores issues of the body and representation that will be relevant to fields as varied as Political Science African American Studies Arab American Studies and Disability Studies
