Librarianship Peter Sprenkle,Charles R Anderson,2013-04-03 A daily diary of actual interactions between a reference desk librarian and his patrons *Reference Librarianship* documents a year in the life of a young librarian working in the trenches at a library in the Midwestern United States This one of a kind book provides a daily diary of every librarian patron transaction

no matter how mundane or absurd to demonstrate not only how advances in technology have affected the reference librarian's job but how the public's expectations have changed as well. The book also includes observations by a now retired reference librarian on the current state of the field based on these unedited interactions. Over the past two decades the job of reference librarian has seen many changes. But in many ways reference desk work hasn't changed a bit with its mix of odd, humorous, routine and ridiculous requests that capture what it's like to deal with patrons day after day. *Reference Librarianship* paints a clear picture of the field for library school students, provides emotional and philosophical support to practitioners and reminds library administrators of what life was like on the front lines. A sampling of the daily transactions documented in *Reference Librarianship*: Monday, May 19, 2003. Pencil: pencil network down. I tell people that I can't sign them up for an Internet terminal because the network is down and they just stand there staring into space. One of them asks for three days' worth of newspapers. microfiche machine explanation. Sorry Sir, the network is still down. multiply by twenty and insert randomly into the remainder of the day. magic tricks but he pretty much knew where they were. One of our large interior plate glass windows shattered. No one was hurt and it made a fascinating noise like a crystal waterfall landing on soil. Books on prostitution, you know, whores. Someone from the County called to ask if any criminal activity had occurred on a particular street. Someone else referred her to us. She was dubious with good reason. Math puzzles. Okay, I show him the books. Just math. Certainly, I show him the books I need them in Spanish. Grrr. *Reference Librarianship* is an enlightening, educational and entertaining look at the real world of reference desk work. It's an essential read for reference librarians, both public and academic, library administrators and library school students as well as anyone who works with the public. **Lemon-Aid**

New Cars and Trucks 2012 Phil Edmonston, 2011-01-01. Phil Edmonston, Canada's automotive Dr. Phil pulls no punches. He says there's never been a better time to buy a new car or truck thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases and free auto maintenance programs. In this all new guide he says Audis are beautiful to behold but hell to own, biodegradable transmissions, rodent snack wiring and mind boggling depreciation. Many 2011-12 automobiles have chin-to-chest head restraints, blinding dash reflections and dash gauges that can't be seen in sunlight, not to mention painful wind tunnel roar if the rear windows are opened while underway. Ethanol and hybrid fuel saving claims have more in common with Harry Potter than the Society of Automotive Engineers. GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that killed its own electric car more than a decade ago. You can save 2,000 by cutting freight fees and administrative charges. Diesel annual urea fill-up scams can cost you 300, including an 80 handling charge for 25 worth of urea. **Lemon Aid's 2011-12 Endangered Species List** the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi and Suzuki. *Motor*, 1956

nonviolence and argues for the formulation of a nonviolent version of jihad as an active mode of social transformation
