placed nearly all land under the control of several hundred self governing town meetings As Levy shows these town meetings were not simply sites of empty democratic rituals but were used to organize force and reconcile laborers families and entrepreneurs into profitable export economies The town meetings protected the value of local labor by persistently excluding outsiders and privileging the town born The town centered political economy of New England created a large region in which labor earned respect relative equity ruled workers exercised political power despite doing the most arduous tasks and the burdens of work were absorbed by citizens themselves In a closely observed and well researched narrative Town Born reveals how this social order helped create the foundation for American society
