They Would Not Hurt A Fly By Slavenka Drakuli:

The Political Responsibilities of Everyday Bystanders Stephen L. Esquith, 2011-02-28 In a world where every person is exposed daily through the mass media to images of violence and suffering as most dramatically exemplified in recent years by the ongoing tragedy in Darfur the question naturally arises What responsibilities do we as bystanders to such social injustice bear in holding accountable those who have created the conditions for this suffering And what is our own complicity in the continuance of such violence it involves settling accounts as well as recognizing our own complicity even as bystanders

They Would Never Hurt A Fly Slavenka Drakulic, 2013-01-17 Slavenka Drakulic attended the Serbian war crimes trial in the Hague This important book is about how ordinary people commit terrible crimes in wartime With extraordinary story telling skill Drakulic draws us in to this difficult subject We cannot turn away from her subject matter because her writing is so engaging lively and compelling From the monstrous Slobodan Milosevic and his evil Lady Macbeth of a wife to humble Serb soldiers who claim they were just obeying orders Drakulic brilliantly enters the minds of the killers There are also great stories of bravery and survival both from those who helped Bosnians escape from the Serbs and from those who risked their lives to help them

Displaced Women Lucia Aiello, Joy Charnley, Mariangela Palladino, 2014-03-17 The essays included in this volume mostly originate from the conference organised by the editors at Glasgow Women's Library in March 2012 Language multilingual narratives and interaction between cultures and languages were key themes of the conference Interdisciplinary and international the conference like this edited volume brought together specialists working in a range of fields and provided an opportunity for exchanges between historians sociologists scientists and literary scholars as well as between theoreticians and practitioners academics and non academics In spite of these many different approaches all the papers presented here transcend the idea of national identity as an epic heritage or destiny both linguistic and literary and suggest a much more fluid definition of citizenship Working from this perspective and within this general framework both the editors and the contributors of this volume encourage a broader discussion on women's narratives of displacement that compels us to rethink the notions of mother tongue and native speaker and raises philosophical questions about linguistic ownership in other words whether a language is owned appropriated imposed or rejected and how women experience and express their sense of permanent strangeness

On the Courthouse Lawn Sherrilyn A. Ifill, 2007 Nearly 5 000 black Americans were lynched between 1890 and 1960 and as Sherrilyn Ifill argues the effects of this racial trauma continue to resound While the lynchings were devastating the little known contemporary consequences such as the marginalization of political and economic development for blacks are equally pernicious Ifill traces the lingering effects of two lynchings in Maryland to illustrate how ubiquitous this history is and she issues a clarion call for the many American communities with histories of racial violence to be proactive in facing this legacy

On the Courthouse Lawn Sherrilyn Ifill, 2018-08-14 Nearly 5 000 black Americans were lynched between 1890 and 1960 Over forty years later Sherrilyn Ifill s *On the Courthouse Lawn* examines the numerous ways that this racial trauma still

resounds across the United States While the lynchings and their immediate aftermath were devastating the little known contemporary consequences such as the marginalization of political and economic development for black Americans are equally pernicious On the Courthouse Lawn investigates how the lynchings implicated average white citizens some of whom actively participated in the violence while many others witnessed the lynchings but did nothing to stop them Ifill observes that this history of complicity has become embedded in the social and cultural fabric of local communities who either supported condoned or ignored the violence She traces the lingering effects of two lynchings in Maryland to illustrate how ubiquitous this history is and issues a clarion call for American communities with histories of racial violence to be proactive in facing this legacy today Inspired by South Africa s Truth and Reconciliation Commission as well as by techniques of restorative justice Ifill provides concrete ideas to help communities heal including placing gravestones on the unmarked burial sites of lynching victims issuing public apologies establishing mandatory school programs on the local history of lynching financially compensating those whose family homes or businesses were destroyed in the aftermath of lynching and creating commemorative public spaces Because the contemporary effects of racial violence are experienced most intensely in local communities Ifill argues that reconciliation and reparation efforts must also be locally based in order to bring both black and white Americans together in an efficacious dialogue A landmark book On the Courthouse Lawn is a much needed and urgent road map for communities finally confronting lynching s long shadow by embracing pragmatic reconciliation and reparation efforts

United States Law and Policy on Transitional Justice Zachary Daniel Kaufman, 2016 In United States Law and Policy on Transitional Justice Principles Politics and Pragmatics Zachary D Kaufman explores the U S government s support for or opposition to certain transitional justice institutions By first presenting an overview of possible responses to atrocities such as war crimes tribunals and then analyzing six historical case studies Kaufman evaluates why and how the United States has pursued particular transitional justice options since World War II This book challenges the legalist paradigm which postulates that liberal states pursue war crimes tribunals because their decision makers hold a principled commitment to the rule of law Kaufman develops an alternative theory prudentialism which contends that any state liberal or illiberal may support bona fide war crimes tribunals More generally prudentialism proposes that states pursue transitional justice options not out of strict adherence to certain principles but as a result of a case specific balancing of politics pragmatics and normative beliefs Kaufman tests these two competing theories through the U S experience in six contexts Germany and Japan after World War II the 1988 bombing of Pan Am flight 103 the 1990 1991 Iraqi offenses against Kuwaitis the atrocities in the former Yugoslavia in the 1990s and the

1994 Rwandan genocide Kaufman demonstrates that political and pragmatic factors featured as or more prominently in U S transitional justice policy than did U S government officials normative beliefs Kaufman thus concludes that at least for the United States prudentialism is superior to legalism as an explanatory theory in transitional justice policymaking This is not a Diary Zygmunt Bauman, 2013-05-08 This is not a diary while these observations were recorded in autumn 2010 and spring 2011 in the form of dated entries they are not a personal reflection but an attempt to capture signs of our times in their movement possibly at birth at a stage when they are still barely perceptible and in any case before they have matured into common all too familiar forms escaping our attention due to their banality Some will perhaps settle in our daily life for a long time to come others will fade and vanish before they would otherwise have a chance to be noted recorded and explored in depth in our fast moving protean and kaleidoscopic world it is hardly possible to predict their future course and to decide in advance which of them will grow in volume and significance and which will prove to have been still born Whatever their fate the author tried to take a leaf from William Blake s precept of seeing the universe in a grain of sand and having done so alert us to what is or may be happening to our individual lives forms of togetherness shared prospects to the ways we perceive and relate to each other the forces that shape our life chances and itineraries and to the ways we try to control or at least influence and sometimes even reform for the better some or all those dimensions of our existence These timely meditations by one of the most perceptive social thinkers of our time will appeal to a wide range of readers Out of the Woods Gretchen Shirm, 2025-04-01 In the year 2000 an Australian woman travels to The Hague to work as the secretary for an Australian judge There she sits through the trial of a former military man who has been charged with war crimes As the trial proceeds she is confronted with two conflicting impulses being deeply affected by the testimony of witnesses while at the same time plagued by an enduring doubt as to the defendant s guilt Meanwhile she begins an unexpected romance and friendship and these relationships help her to understand the stories of extraordinary survival she hears about during the trial When she is called back to Australia to reckon with her own childhood she finds she can t quite leave everything she s heard behind Out of the Woods asks what it means to bear witness to the suffering of people who have experienced real tragedy and whether it is possible afterwards to resume a normal life A triumph Out of the Woods traces the complex lines of complicity and grief a deeply compelling and humane story about what it means to bear witness This is a book that looks into your soul Stephanie Bishop This searchingly original novel counters the historical weight of human cruelty with small acts of attention and persistence Shirm s empathy and intelligent precision exert a quiet moral authority on every page Delia Falconer
