Write with the Clarity of a Photo Paul Anthony Mills, 2019-09-23 Have you ever heard someone say I liked the movie but the book was better They probably said it because what must be depicted in under 2 hours on the big screen can be gradually and methodically delivered over hundreds of pages adequately capturing the very essence the author intended Have you ever heard the phrase a picture is worth a thousand words Simply put a single picture can convey in an instant the equivalent of a thousand words written down On your quest to create your first novel you not only need to be able to capture the essence of a movie whilst depicting your story to a depth a movie is unable to realize you must also be able to illustrate each scene of your story to a degree where your readers can visualize those scenes as if they were staring at a series of pictures Hence the title of this 3rd and final book in my series titled Write with the Clarity of a Photo And apart from the obvious ingredients that go into the creation of a novel like plot characters setting conflict and ending your novel cannot be complete without 3 other equally important facets theme narration and dialogue □□□□□□□□, 2009
