novelty book Anyone who loves books not only enjoys being reminded of their favorites but also delights in finding a good one they've missed Those who relish reading and writing will savor a collection that brings back memories of beloved books and often the times in which they were read From Virginia Woolf to Tom Wolfe from Edith Wharton to Stephen King from Ernest Hemingway to Gabriel Garcia Marquez masterpieces of world literature are juxtaposed with trendy best sellers romances with westerns classics with cult favorites Some lines are well remembered others rarely recalled still others are brilliant beginnings from relatively obscure books But in every case IN THE BEGINNING confirms how powerful a sentence can be Bumping into a familiar line from a beloved novel fills the reader's mind with imagery The great fish moved silently through the night water propelled by short sweeps of its crescent tale Jaws by Peter Benchley While dazzling openers don't guarantee a worthwhile novel expectations run high when we're introduced with Paint me a railroad station then ten minutes before dark John Cheever's Bullet Park or There were 117 psychoanalysts on the Pan Am flight to Vienna and I'd been psychoanalyzed by at least six of them Fear of Flying by Erica Jong Some books reach their zenith with wonderful first lines that are never matched I had this story from one that had no business to tell it to me or to any other That's our initial meeting with the Tarzan series Conversely some rather mundane opening lines are made better because we know the marvelous story that follows like B Traven's Treasure of the Sierra Madre The bench on which Dobbs was sitting was not so good Perhaps not truly memorable but a truly unforgettable character and Bogie didn't do badly by him either Enjoy Hans Bauer River Culture UNESCO, UNESCO Office in Beijing, 2023-01-05 **Encyclopedia of the American Novel** Abby H. Carnes, 2004-03-05 Historical fiction is a contradiction in terms History is what happened fiction what did not Yet great novelists have often disregarded this logical difficulty taking up the tools of the historian to explore the shadowy recesses of the past Their labors have brought forth many literary treasures But how accurately do these masterpieces of the imagination reflect the past In Novel History twenty accomplished historians consider this question in relation to some of our most important historical novels Their essays are followed in most instances by a response from the novelist These dialogues illuminate one of the most fascinating and perplexing issues of our time the relation between the real past and our finest imaginative renderings of it Novel History includes essays by distinguished historians such as John Demos Michael Kammen Joan D Hedrick John Lukacs Eugene D Genovese Richard White and Tom Wicker and responses from notable novelists including Gore Vidal John Updike Russell Banks Don DeLillo Larry McMurtry Jane Smiley Madison Smartt Bell William Styron T Coraghessan Boyle William Kennedy Charles Frazier Thomas Fleming and Tim O'Brien Novel History is both a uniquely compelling perspective and a superb collection of literary history **The Oxford Book of American Short Stories** Joyce Carol Oates, 2013 Joyce Carol Oates has performed a full review of her acclaimed 1992

anthology The Oxford Book of American Short Stories and in this second edition embraces those authors who have come to define turn of the century American literature Jhumpa Lahiri Junot Diaz Richard Ford and David Foster Wallace are just a few of the authors whose stories are now represented Each story is accompanied by a brief introduction and there is also a fascinating introductory essay by Joyce Carol Oates that explains why these stories form the foundation of the American literary canon and the trends and innovations that have taken place in the last twenty years
