The Worlds Of Chrestomanci Chrestomanci 1 4 By Diana Wynne Jones:

Places of Childhood Fancy Michael G. Cornelius, Marybeth Ragsdale-Richards, 2023-01-16 Many of us grew up exploring fascinating worlds in books films and most importantly our imaginations places filled with mythological characters and magical landscapes where we had stunning experiences punctuated by the harmless pleasures that any child's mind can conjure These worlds sometimes end up in our childhood fictions which have in turn shaped countless imaginations and childhood adventures The essays in this book attempt to comprehend the worlds of children's progressive fiction from how they are created to how they affect readers This book explores what happens when speculative genres fantasy horror and science fiction and imaginative spaces collide headlong with the realities and surrealities of modern childhood It moves back and forth between Oz Wonderland Redwall and Fear Street and explores series such as Nancy Drew Inkheart The Mortal Instruments the Miss Peregrine series and more Many of these works feature children who must save the day to stop the bad guy kill the monster complete the quest and rescue adults leading us to wonder if fantastic spaces in children's progressive fiction are really helping kids prepare to save the world rather than helping them temporarily escape it *Diana Wynne Jones* Teya Rosenberg, 2002 Diana Wynne Jones An Exciting and Exacting Wisdom is a collection of scholarly essays examining the work of British author Diana Wynne Jones whose prolific contributions to speculative fiction span the past thirty years A contemporary of such well known fantastic authors as Alan Garner and Susan Cooper Jones is also a clear influence on more recent writers such as J K Rowling Her humorous and exciting stories many published for children but read by all ages are also complexly structured and thought provoking These essays written by academics and independent scholars from Australia North America Europe and Asia present a wide variety of approaches to and ideas about Jones's work This book will be of interest to Jones's many admirers and to those who study or appreciate speculative fiction and children's literature *Growing and Knowing: A Selection Guide for Children's Literature* Mary Trim, 2005-04-25 No detailed description available for Growing and Knowing A Selection Guide for Children's Literature [Fantasy and the Real World in British Children's Literature](#) Caroline Webb, 2014-09-15 This study examines the children's books of three extraordinary British writers J K Rowling Diana Wynne Jones and Terry Pratchett and investigates their sophisticated use of narrative strategies not only to engage children in reading but to educate them into becoming mature readers and indeed individuals The book demonstrates how in quite different ways these writers establish reader expectations by drawing on conventions in existing genres only to subvert those expectations Their strategies lead young readers to evaluate for themselves both the power of story to shape our understanding of the world and to develop a sense of identity and agency Rowling Jones and Pratchett provide their readers with fantasies that are pleasurable and imaginative but far from encouraging escape from reality they convey important lessons about the complexities and challenges of the real world and how these may be faced and solved All three writers deploy the tropes and imaginative possibilities of fantasy to disturb challenge and enlarge the

world of their readers *Diana Wynne Jones* Farah Mendlesohn, 2013-09-13 British author Diana Wynne Jones has been writing speculative fiction for children for more than thirty years A clear influence on more recent writers such as J K Rowling her humorous and exciting stories of wizard s academies dragons and griffins many published for children but read by all ages are also complexly structured and thought provoking critiques of the fantasy tradition This is the first serious study of Jones s work written by a renowned science fiction critic and historian In addition to providing an overview of Jones s work Farah Mendlesohn also examines Jones s important critiques of the fantastic tradition s ideas about childhood and adolescence This book will be of interest to Jones s many admirers and to those who study fantasy and children s literature
