A Flight of

Delight Jyotikar K PATTNI,2006-05-01 A Flight of Delight is a work of experiential philosophical text that contemplates the nature of such subtle topics as Karmic evolution Divine Cosmic Truth and the relationship between Divinity and Humankind Utilising an expressive narrative approach that places emphasis on description and aesthetics finely the author has endeavoured to render a thought provoking analysis in a prose poetic style The fine text touches the core concepts of theology that look at life as a freely flowing channel of energies in profound human experiences One of the central ideas of the work is the difference between institutional religion and experiential philosophy with the conceptual emphasis leaning toward the latter Fear destroys true faith Institutional religion is constrictive that remains fixated on rules systems and political bureaucracies A profound human spiritualism on the other hand suggests a cyclical direction of energy that flows without fear suppression oppression exploitation manipulation and falsity Realising and understanding compassion and love is much more important and significant than following set of doctrines in conflict This is attainable in spiritual evolution a self discovery in profound experiences without the confines of specific creed cast or race The discourse includes detailed explorations of different types of Vedic yoga s mantras and consciousness The emphasis placed on the pursuit of divine wisdom and divinity incorporates all of these elements to form a comprehensive insight of profound experience for the inner well ness and peace The reader of A Flight of Delight may also benefit from the organised structure afforded to the text The detailed explanation of the experiential theories familiarises the reader with carefully distilled notions of spiritualism and divinity Here is an extra ordinary work of self healing texts from a very special person who has journeyed through adversities himself The lyrics of this book are particularly special because the author writes from the depth of his heart to express in the profoundest sense the relevance of the ancient Vedic Wisdom to the hectic modern world The mind enriching lyrics bring to us a re awakening of beautiful divinity filled with solace hope and compassionate love Life oh life Let it be a flight of delight

Mystics, Masters, Saints, and Sages Robert Ullman,Judyth Reichenberg-Ullman,2001-10-01 Organized chronologically starting with Buddha and ending with contemporary seekers this book focuses on the moment of enlightenment in the lives of saints and masters that led to their witnessing divine reality *Finding Your Power to Be Happy: Seven Practices to Bring Unconditional Happiness into Your Life* D.E. Hardesty,2015-04-25 Learn to find the happiness that is natural to you and enjoy better relationships better health more success and a longer life The peculiar thing about us humans is we spend a lot of time working to find people and things that will make us happy In fact we seem to spend the majority of our time doing this However there is no guarantee that any of this effort will work There are lots of people who have hordes of people around them and who have lots of things but have been unable to make themselves happy The truth is happiness can be had with little effort Have you ever been happy for no reason at all Of course you have Without anything changing in life happiness just appears We see it in young children all the time In fact we expect to see it in children If you happen to ask a smiling child why he or she is so happy at best the answer may be Because For an adult this may be an unsatisfying answer but for the

child it is the truth happiness exists just because As we age we seem to lose touch with happiness for no reason at all We see a world where everyone is striving for stuff striving for popularity striving striving striving The natural fount of happiness we once enjoyed disappears as we join them However that happiness is not gone All that happened is we lost our connection to it This book is about recovering that connection We all grow up believing that if we work hard and if we are good people we will enjoy good relationships with others good health success and a long life Obviously this is not true There are a lot of rich old people who are not happy What we have what we do and the other circumstances of our lives do not provide authentic happiness Instead happiness comes from inside of us and all by itself enables us to have secure relationships good health more success and longer lives So what is the secret of being happy Being happy is a little like flipping a switch When it s on you are happy and when it s off you are not It s so easy How else can you explain being happy for no reason What you need to do is learn to turn it on and keep it turned on This book discusses seven practices that help you do that There is a lot of wisdom available about how to be happy Most of it is thousands of years old but some is quite new The seven practices we will look at incorporate this wisdom to help you learn how to turn on happiness in your life This kind of happiness does not require changing anything in your life All you have to do is learn to turn it on *Searching for Soul* Bobbe Tyler,2009-07-07 To dive deep into your inner life To navigate its complexity and explore your story in depth To discover who you are exactly the courage you have when life breaks apart how conscious you become in that process and how rich you feel learning the meaning of your life On a search for wholeness Bobbe Tyler delves deep to find and tell her story the trauma of familial mental illness marriage and divorce spiritual despair accountability addiction and the joy of recovery surviving loss and finally that which matters most love in all its ways The rewards of her wisdom belong not to her alone but by way of her unflinching examination of life s many paths to all who have a story of their own to tell who have faced a life choice gone wrong or met the peace that had always seemed just out of reach This searing self appraisal provides a model for those who seek to know themselves better and are willing to sound their depths to find their story in full Challenging Situations Elisabeth Fraser,2011-06-01 DescriptionEach chapter in this book is about a Challenging Situation as experienced by my sister There is no attempt or thought in her writing to present an intellectual account of these situations in any way they just represent how my sister experienced them and responded to them during her life The first paragraph or so is a simple imaginary story to introduce an aspect of a situation that is commonly experienced The next one or more paragraphs represent a description of the deeper significance that these aspects have come to mean to my sister The remaining paragraphs present highlights from her own experiences which led her to understand the underlying meaning that underpins these aspects of situations in people s lives I think many readers will enjoy as I have comparing their own experiences to my sister s and thereby see the commonality that pervades all people across the planet By Edward Averill About the AuthorElisabeth Fraser had a lengthy career as a sales manager editor and author for Jarrold Publishing She is author of An

Illustrated History of Scotland 1997 and has edited a number of other titles Elisabeth has been interested in spirituality for most of her life and is now very involved in the Tibetan Buddhist field helping to promote talks and lectures from eminent Tibetan lamas and doctors in liaison with the monastery at Samye Ling She is based in Edinburgh
