From Television to the Internet Wiley Lee Umphlett, 2006 This book complements and expands on the commentary and conclusions of the author's initial inquiry into the modern era of media made culture in *The Visual Focus of American Media Culture in the Twentieth Century* FDUP 2004 From the 1890s on to the 1920s and the Depression and World War II years society's pervasively communal focus demanded idealized images and romanticized interpretations of life But the communal imperative as it was impacted on by evolving social change harbored the seeds of its own disintegration **Russ Meyer--The Life and Films** David K.
