Jan Morris Paul Clements, 2022-10-13 The first full account of a truly remarkable life When Jan Morris passed away in 2020 she was considered one of Britain's best loved writers The author of Venice Pax Britannica Conundrum and more than fifty other books her work was known for its observational genius lyricism and humour and had earned her a passionate readership around the world Morris's life was no less fascinating than her oeuvre Born in 1926 she spent her childhood amidst Oxford's Gothic beauty and later participated in military service in Italy and the Middle East before embarking on a career as an internationally famed foreign correspondent From being the only journalist to join the first ascent of Mount

Everest in 1953 to covering the trial of Adolf Eichmann Morris's reportage spanned many of the twentieth century's defining moments. However, public success masked a private dilemma that was only resolved when she transitioned genders in the late 1960s, becoming renowned as a transgender pioneer. She went on to live happily with her wife Elizabeth in Wales for another five decades and never stopped writing and publishing. Here, for the first time, the many strands of Morris's rich and at times paradoxical life are brought together. Based on a wealth of interviews, archival material, and hitherto unpublished documents, Jan Morris's life from both sides portrays a person of extraordinary talent, curiosity, and joie de vivre.

Shakespeare and Venice Graham Holderness, 2016-04-01 Shakespeare and Venice is the first book-length study to describe and chronicle the mythology of Venice that was formulated in the Middle Ages and has persisted in fiction and film to the present day. Graham Holderness focuses specifically on how that mythology was employed by Shakespeare to explore themes of conversion, change, and metamorphosis. Identifying and outlining the materials having to do with Venice which might have been available to Shakespeare, Holderness provides a full historical account of past and present Venetian myths and of the city's relationship with both Judaism and Islam. Holderness also provides detailed readings of both *The Merchant of Venice* and of *Othello* against these mythical and historical dimensions and concludes with discussion of Venice's relevance to both the modern world and to the past.

Venice Martin Garrett, 2001 Martin Garrett explores the extraordinary history, art, and architecture of Venice and the islands of the lagoon. Looking at the legacy of the city's Jewish, Greek, Slav, and Armenian minorities, he recalls the exploits of such legendary figures as Casanova and Byron. He also assesses the successful struggle to preserve the city in the face of flood and corruption and its important modern role as host of the Biennale and film festival. MARTIN GARRETT is the author of literary companions to Italy and Greece and has written or edited a number of works on Renaissance and nineteenth-century writers, including Sidney Byron and the Brownings.

Film, Art, and the Third Culture Murray Smith, 2017 Murray Smith presents an original approach to understanding film. He brings the arts, humanities, and sciences together to illuminate artistic creation and aesthetic experience. His third culture approach roots itself in an appreciation of scientific innovation and how this has shaped the moving media.

Venice for Pleasure J. G. Links, 2019-10-01 None of Venice's innumerable chroniclers have portrayed the Serenissima's character with quite such a combination of the scholarly, the informal, and the intimate. Over the years, thousands of readers starting this book have been relieved to encounter its famously undemanding approach to the city. Generally, the first thing to do in Venice is to sit down and have some coffee, but by the time they get to the end of it, all the same, they will have learnt virtually everything that an educated stranger needs to know about the place, its art, and its history, besides being subtly entertained throughout. From the Introduction by Jan Morris.

the Ottoman Empire has consistently been regarded as a place apart inextricably divided from the West by differences of culture and religion. A perception of its militarism, its barbarism, its tyranny, the sexual appetites of its rulers and its pervasive exoticism has led historians to measure the Ottoman world against a western standard and find it lacking. In recent decades a dynamic and convincing scholarship has emerged that seeks to comprehend and in the process to de-exoticize this enduring realm. Dan Goffman provides a thorough introduction to the history and institutions of the Ottoman Empire from this new standpoint and presents a claim for its inclusion in European History. His lucid and engaging book, an important addition to *New Approaches to European History*, will be essential reading for undergraduates.

The themes include technological change, ethical consumption and the tourist response to health risk, political instability and other uncertainty. Examples are introduced from all parts of the world capturing the explosion of research on tourist behaviour to produce a text that is strong both on theory and practical application. This is the go-to text for students and academics interested in tourist behaviour both from within the tourism field and from other fields and disciplines.

The Rough Guide to Venice & the Veneto Jonathan Buckley, 2004 The Rough Guide to Venice and the Veneto is the definitive handbook to Europe's most beautiful city and its hinterland. The guide includes detailed accounts of all Venice's monuments and museums from San Marco to the far-flung islands. There is vivid background on the city's history and culture with the lowdown on the Biennale, Carnevale and other special events. For every area there are comprehensive reviews of restaurants, bars and accommodation in every price range. Finally, there is detailed coverage of Verona, Padua, Vicenza, Treviso and a host of other Veneto towns and sights.

Venetian Views, Venetian Blinds, 1999-01-01 Half a millennium of English and American fantasies of Venice: this collection of essays by leading critics in the field explores the continued and continuing fascination of travellers, writers, artists, theatre workers and film makers with the amphibious and ambiguous city in the lagoon. There is hardly another place in Europe that has become so much of a palimpsest inscribed with the fantasies, the dreams and nightmares of generations of foreigners and this turns *Venetian Views, Venetian Blinds* into a particularly pertinent case study of the ways cultural difference within Europe is experienced, enacted and constructed. The essays range across five centuries from the Renaissance to our postmodern present from Shakespeare and his contemporary, Cyrano de Bergerac to recent novels, detective fiction and films and in contrast to previous studies focussing on the Grand Tour they emphasise more recent developments and how they continue or disrupt traditional ways of perceiving or being blind to Venice.
