McElhaney EDITORIAL REVIEWS McElhaney s story telling is deft well paced and with an ear for conversation Akron Beacon Journal Book Review The author does a good job of sucking you into the moment and feeling as if you are the main character The technology and scenarios are realistic enough for this sci fi fan and if you like a good storyteller Mr McElhaney knows how to do it Top 50 Amazon Reviewer Hall of Fame Reviewer and Vine Voice Michael Gallagher Given 5 0 out of 5 stars over 100 times on Amazon from various readers of the Mystic Saga Departure Scott McElhaney,2018-11-04 After a 3 year lull in 2018 international bestseller Scott McElhaney flooded the market with a second wave of science fiction novels starting with the six acclaimed books of the Ani Maxima Files Then came several stand alone novels of futuristic interstellar colonization which are now combined into a single volume for your enjoyment Here for the first time you can own Endeavor Maelstrom and Terraformer in one giant book at an affordable price In Endeavor Vastian Fox was born on the Endeavor and as a matter of fact so were his parents Even his grandparents had been born on this multigenerational spacecraft that had been built to save the last of the human race And now after all these years there was a light at the end of the tunnel as they approached their new planet in the Kapteyn System As one of the ship s navigators Vastian has a lot of time on his hands while mindlessly monitoring the systems on the bridge twelve hours a day He also has access to the ship s computers which wouldn t pose a problem if he wasn t also a hacker in his spare time This leads him to a discovery that doesn t make any sense If the numbers are accurate then the ship is actually many times larger than they d been led to believe all these many years Curiosity beckons him to a hidden door that he managed to temporarily unlock via the computer The problem is once you walk through that door there s no turning back In Maelstrom There is a rogue black hole approaching the Orion Arm of the Milky Way and it should collide with the Solar System by the end of the millennium The date for the extermination of the human race is set in stone and there s nothing that anyone can do to prevent it There is however a way to rescue the people of Earth before it s too late but it s got to involve some interference by someone who s willing to risk their life in the process That s not something anyone s willing to do in the future because quite frankly suicidal tendencies and thoughts aren t a plague of humanity anymore Hunter leapt from an eighty foot bridge in 2018 only to find herself suddenly alive in an orbital ship or space station She and her new friend Mercy are searching for answers from some highly secretive people They soon discover that they ve been given the weapons necessary in order to change history and to save the human race Unfortunately they may need to sacrifice everything in the process In Terraformer Cuttar awoke twelve light years away from Earth only to discover that something went seriously wrong Every cryogenic revival is failing one by one He manages to intercept two who are still alive and then ultimately he only saves one a terraformer Terraformers are a thing of the past They are the most educated and adaptable people in the universe yet they know nothing about flying interstellar ships Something needs to happen soon or the two of them are quite literally going to die Brought to you by the international bestselling author of the Mystic Saga Dominion Beyond the Event Horizon Kepler Moon Alpha and Ghosts of Ophidian With over 250 000 books

Selenocentric Scott McElhaney, 2018-06-04 Selene and Artie have awoken on Luna Station to discover that everyone else is dead and that all the systems are claiming that eight years have passed They need to find out what happened and also find a way to survive in a universe that seems to hate them The Earth was destroyed by a violent comet impact but that s old news Selene and Artie had known about that before they went to sleep What they weren t prepared for when they woke was the fact that they were now the only survivors on the Earth s moon and an unusual amount of time has passed Luna Station was built to be a mining operation in order to supply iron and steel to the Luna II Station which built our nation s

interstellars Now the last of mankind only existed on three enormous interstellars that had been sent out over the years in three opposing directions The first of those interstellars sent out twenty eight years ago happens to be orbiting the Earth right now Selene and Artie are in need of a rescue The people of the USS Constitution are in need of answers about the annihilation of Earth as well as the deaths of those on Luna Station Unfortunately they don't have these answers and even more unfortunate it seems that all the people on the ship have a secret of their own Brought to you by the international bestselling author of the Mystic Saga Dominion Beyond the Event Horizon Kepler Moon Alpha and his newest acclaimed series The Ani Maxima Files With over 250 000 books downloaded worldwide Scott McElhaney continues to prove that reasonable Kindle prices do not have to mean poor quality Also check out Saving Brooksie Hope Rising One Crazy Summer and Vestige by McElhaney EDITORIAL REVIEWS McElhaney's story telling is deft well paced and with an ear for conversation Akron Beacon Journal Book Review The author does a good job of sucking you into the moment and feeling as if you are the main character The technology and scenarios are realistic enough for this sci fi fan and if you like a good storyteller Mr McElhaney knows how to do it Top 50 Amazon Reviewer Hall of Fame Reviewer and Vine Voice Michael Gallagher Given 5 0 out of 5 stars over 100 times on Amazon from various readers of the Mystic Saga *The Wisconsin Samurai* Scott McElhaney, 2014-01-13 Someone has been committing heinous attacks in Fromage Wisconsin They cut the cheese at the high school football game clearing out half the stands Someone also dropped an axe into a wheel of cheddar at Wal Mart bringing in the HAZMAT unit to clean up the mess Now they're plotting something even more atrocious The only person who can stop the insanity is a teenage superhero called the Wisconsin Samurai In the city of Fromage cutting the cheese whether it be with a knife an axe or even a tomahawk is as disastrous as a bean filled bubba with a bad case of irritable bowel syndrome And the Samurai is fairly certain that the owner of the S B Dedli Cheese Plant is planning the worst attack yet Brought to you by the international bestselling author of the Mystic Saga and One Crazy Summer With over 250 000 books downloaded worldwide Scott McElhaney continues to provide us with entertainment for only 99 cents Also check out Saving Brooksie Beyond the Event Horizon Dominion Vestige and Erinyes by McElhaney HERE S WHAT PEOPLE ARE SAYING Riveting Rosie the Riveter Revolutionary George Washington A Work of Art Leonardo Da Vinci A Tragic Comedy William Shakespeare Bigger Than Life Paul Bunyan Dynamite Alfred Nobel **The Ani Maxima Files** Scott McElhaney, 2018-04-06 Is she a beast sent from the pits of hell or is she an angel sent from God Opinions vary but all can agree that she has a heart of gold and a supernatural talent that can hopefully save her planet Here are the first three books in one volume for your enjoyment Ptolemy's Child The entire crew of ex-cons aboard the USS Cepheus are woken after fifty nine years of cryogenic sleep only to discover that the ancient derelict ship USS Ptolemy is located much closer than they originally expected to find it The ship is clearly powered down and tumbling aimlessly but the moment that the Cepheus decides to hail the ship they get a reply from a surviving member of the original crew Yet after over 300 years now such a
