Rosenstein, 2018-07-01 Examining the entire span of ever retreat from again Jewish history through the lens of thirty pivotal moments in the Jewish people's experience from biblical times through the present Turning Points in Jewish History provides the big picture both a broad and a deep understanding of the Jewish historical experience A New Look at Rabbi Jesus Rabbi Albert (Abraham) I. Slomovitz Ph.D., 2020-01-10 The primary goal of this book is to solve a two thousand year old puzzle if Jesus lived a totally Jewish life and became the founder of Christianity why aren t Jews and Christians in a respectful appreciative and embracing relationship This work begins to reduce two thousand years of misunderstanding stereotyping and prejudices that have existed between these two faiths In its place are historical facts about the childhood religious education and communities that nourished and influenced Jesus This work also encourages new approaches to biblical interpretations and thought The ultimate aim of the author is to have Jews and Christians realize that they are strongly connected by mutual faith beliefs and traditions Dr Slomovitz has summarized this linkage with the phrase Loving Jesus means loving Jews Sing Us a Song of Joy Philip W. Eaton, 2018-02-05 Out on the barren margins of Babylonian exile the great Psalmist suggests their captors are actually asking for a song of joy Imagine that Is it possible to sing the Lord's song in a foreign land Christians today find themselves caught up in the massive sweep of secularizing culture Do we have a joyful song to sing anymore Do we know what our song has been throughout history Could we possibly sing as a mighty choir just perhaps igniting spiritual renewal for our world and for each one of us as well This book proposes the possibility of finding a new song for our time Democracy, Fascism and the New World Order Ivo Mosley, 2012-07-24 Democracy is not a universal good it is a political system and like all political systems it is open to corruption The word democracy means rule by the people not rule by a simple majority To achieve rule by all the people it used to be accepted that as much of civil life should be kept out of party politics as possible A mixed constitution was one way of achieving this By absorbing into itself the institutions of civil society the modern democratic state has become an ever more pervasive tyranny of the majority accountable to the electorate only once every few years The powers it has assumed together with the powers of corporations represent a new world order that respects neither freedom the individual the vulnerable nor in a true sense the rule of law Music in the Old Bones Janet Howe Gaines, 1999 Music in the Old Bones

Hebrews to the Greek notion of the orbits of planets as divine circles Topics progress from Aristotle and Ptolemy's integrated planetary models to the Sun centered cosmologies of Copernicus Galileo Kepler and the great Isaac Newton Their combined scientific achievements stand as testimony to the power and imagination of the human mind This meticulously researched narrative also traces the roots of Western religion based on historical events and archeological evidence It takes us on a captivating journey through Western religious history from ancient paganism to the ethical monotheism of the Hebrews Christians and Moslems Along the way we follow the rise and fall of civilizations of empires cycles of war and peace unification and division The book concludes with how Darwin came up with his theory of evolution and the impact of modern physics on religious beliefs The cumulative effect of the scientific discoveries presented in Cosmic Roots has for better or for worse led to the separation of science and religion we see in Western culture today *IPS:* The Americanization of Jewish Culture, 1888-1988 Jonathan D.
