Raymond Carver     **Detoxing Masculinity in Anglophone Literature and Culture** Sara Martín, M. Isabel Santaulària, 2023-03-07 This edited volume rethinks Masculinity Studies by breaking away from the notion of the perpetual crisis of masculinity It argues that not enough has been done to distinguish patriarchy from masculinity and proposes to detox masculinity by offering a collection of positive representations of men in fictional and non fictional texts The editors show how ideas of hegemonic and toxic masculinity have been too fixed on the exploration of dominance and subservience and too little on the men and the male characters in fiction who behave following other ethical personal and socially accepted patterns Bringing together research from different periods and genres this collection provides broad multidisciplinary insights into alternative representations of masculinity     Hicks, Tribes, and Dirty Realists Robert Rebein, 2014-07-11 Robert Rebein argues that much literary fiction of the 1980s and 90s represents a triumphant if tortured return to questions about place and the individual that inspired the works of Hawthorne Melville Twain Faulkner and other giants of American literature Concentrating on the realist bent and regional orientation in contemporary fiction he discusses in detail the various names by which this fiction has been described including literary postmodernism minimalism Hick Chic Dirty Realism ecofeminism and more Rebein s clearly written nuanced interpretations of works by Raymond Carver Cormac McCarthy Don DeLillo Louise Erdrich Dorothy Allison Barbara Kingsolver E Annie Proulx Chris Offut and others will appeal to a wide range of readers     **The Mindful Medical Student** , 2009 The essential primer on surviving the rigors of medical school and thriving there through the application of self knowledge self care and self control     **The Carver Chronotope** G.P. Lainsbury, 2004-02-24 Raymond Carver s fiction is widely known for its careful documentation of lower middle class North America in the 1970s and 80s Building upon the realist understanding of Carver s work Raymond Carver s Chronotope uses a central concept of Bakhtin s novelistics to formulate a new context for understanding the celebrated author s minimalist fiction G P Lainsbury describes the critical reception of Carver s work and stakes out his own intellectual and imaginative territory by arguing that Carver s fiction can be understood as diffuse fragmentary and randomly ordered Offering a fresh analysis of Carver s body of work this book offers an extensive meditation on this major figure in postmodern U S fiction

**The Dialectic of Self and Story** Robert Durante, 2014-01-14 Informed by selected postmodern theories and cultural criticism this study argues that while American fiction of the 1980s and 1990s bears the outward signs of a return to realism it also evidences recurring themes of postmodernism such as alienation social disintegration personal despair historical dislocation and authorial self reflexivity
