Wild Seed Patternmaster 1 By Octavia E Butler:

Our Mothers, Our Powers, Our Texts Teresa N. Washington, 2005-06-27 Washington writes supple and thoughtful prose and creatively integrates African and African derived terminology which never distract the reader I consider *Our Mothers Our Powers Our Texts* not only a brilliant study but also a model to be emulated Ouseynou B Traore William Patterson University of Lagos is a Yoruba word that signifies a spiritual power of vast potential as well as the human beings who exercise that power Although both men and women can have it its owners and controllers are women the literal and cosmic Mothers who are revered as the gods of society Because of its association with female power its invisibility and profundity it is often misconstrued as witchcraft However as Teresa N Washington points out in *Our Mothers Our Powers Our Texts* it is central to the Yoruba ethos and cosmology Not only does it underpin the concepts of creation and creativity but as a force of justice and retribution it is essential to social harmony and balance As Africans were forced into exile and enslavement they took it with them and continued its work of creating destroying harming and healing in the New World Washington seeks out its subversive power of creation and re creation in a diverse range of Africana texts from both men and women from both oral and contemporary literature and across space and time She guides readers to an understanding of the symbolic methodological and spiritual issues that are central to important works by Africana writers but are rarely elucidated by Western criticism She begins with an examination of the ancient forms of it in Yoruba culture which creates a framework for innovative readings of important works by Africana writers including Zora Neale Hurston Toni Morrison Ben Okri Wole Soyinka Jamaica Kincaid and Ntozake Shange This rich analysis will appeal to readers of Africana literature African religion and philosophy feminist studies and comparative literature

The Funk Movement Reiland Rabaka, 2024-10-23 Rabaka explores funk as a distinct multiform of music aesthetics politics social vision and cultural rebellion that has been remixed and continues to influence contemporary Black popular music and Black popular culture especially rap music and the Hip Hop Movement The Funk Movement was a sub movement within the larger Black Power Movement and its artistic arm the Black Arts Movement Moreover the Funk Movement was also a sub movement within the Black Women's Liberation Movement between the late 1960s and late 1970s where women's funk especially Chaka Khan and Betty Davis's funk was understood to be a form of Black musical feminism that was as integral to the movement as the Black political feminism of Angela Davis or the Combahee River Collective and the Black literary feminism of Toni Morrison or Alice Walker This book also demonstrates that more than any other post war Black popular music genre the funk music of the 1960s and 1970s laid the foundation for the mercurial rise of rap music and the Hip Hop Movement in the 1980s and 1990s This book is primarily aimed at scholars and students working in popular music studies popular culture studies American studies African American studies cultural studies ethnic studies critical race studies women's studies gender studies and sexuality studies

Contemporary African American Fiction Robert Butler,1998 The book argues that from its very beginnings African American journey narratives are distinctively non teleological that is they typically resist being directed toward an end point in a particular place and instead exult in movement through indefinite space They view movement as intrinsically valuable a process of endless becoming rather than a carefully mapped journey resulting in a completed state of being rooted in a fixed place As such these journeys are a compelling metaphor of the American desire for the new life consisting of unlimited personal development The writers examined in this book offer a unique set of variations on this kind of open journey
