**Joss Whedon** K. Dale Koontz,2015-02-12 Joss Whedon once identified himself as an angry hard line atheist who is nevertheless fascinated by the concept of devotion While organized religion seems to hold no satisfactory answers for Whedon his dedication to exploring the meanings of faith and belief can be seen in many of the characters he has created for such works as Buffy the Vampire Slayer Angel Firefly Serenity and Fray This work examines a variety of Whedon s characters and discusses what can be learned from their struggles and discoveries regarding religion and belief Part One focuses on the characters search for purpose revealing how Dawn Spike and Angel attempt to define the meaning of their lives in Buffy the Vampire Slayer and its spin off Angel Part Two focuses on family examining the unconventional family dynamic in Whedon s comic book miniseries Fray and television series Firefly Part Three centers around the concept of redemption using Angel s

Doyle Firefly's Malcolm Reynolds and Shepherd Book and Buffy's Faith Lehane to examine the characters search for salvation and their own acceptance of their past actions Finally Part Four focuses on the harmful potential of religious zealotry revealing the negative aspects of absolute belief through Firefly's River and Buffy's Caleb A primary source guide follows the main text providing the writer director and air date of each television episode along with publication data for Whedon's print works including the in publication Season 8 comic books for Buffy the Vampire Slayer Science Fiction Double Feature J. P. Telotte, Gerald Duchovnay, 2015-07-27 Critical discussion of cult cinema has often noted its tendency to straddle or ignore boundaries to pull together different sets of conventions narrative formulas or character types for the almost surreal pleasure to be found in their sudden juxtapositions or narrative combination With its own boundary blurring nature as both science and fiction reality and fantasy science fiction has played a key role in such cinematic cult formation This volume examines that largely unexplored relationship looking at how the sf film's own double nature neatly matches up with a persistent double vision common to the cult film It does so by bringing together an international array of scholars to address key questions about the intersections of sf and cult cinema how different genre elements directors and stars contribute to cult formation what role fan activities including con participation play in cult development and how the occulted or bad sf cult film works The volume pursues these questions by addressing a variety of such sf cult works including Robot Monster 1953 Zardoz 1974 A Boy and His Dog 1975 Tetsuo The Iron Man 1989 Space Truckers 1996 Ghost in the Shell 2 2004 and Iron Sky 2012 What these essays afford is a revealing vision of both the sf aspects of much cult film activity and the cultish aspects of the whole sf genre **Joss Whedon's Big Damn Movie** Frederick Blichert, 2018-03-19 When Joss Whedon's television show Firefly 2002 2003 was cancelled devoted fans cried foul and demanded more which led to the 2005 feature film Serenity Both the series and the film were celebrated for their melding of science fiction and western iconography dystopian settings underdog storylines and clever fast paced dialogue Firefly has garnered a great deal of scholarly attention less so Serenity This collection of new essays the first focusing exclusively on the film examines its depictions of race ableism social engineering and systems of power and its status as a crime film among other topics
