Masculinity in Contemporary Science Fiction by Men Sara Martin, 2025-05-30 Masculinity in Contemporary Science Fiction by Men No Plans for the Future is the first comprehensive study of the self representation of men in SF novels published in the twenty first century by male authors Exploring a broad selection of writers and works the fourteen chapters present a panoramic overview of men s contributions to current SF and explore their slow but noticeable progress in the representation of gender The impact of feminism and gender studies and the demands of readers have profoundly transformed men s SF which now presents far more caring and vulnerable male characters The old stereotypes are being replaced by a collective reflection on how men and masculinity are changing though the lack of a common agenda results in novels that while exciting and often challenging sometimes miss the chance to imagine a better anti patriarchal pro feminist future for men and for all human beings The authors analysed include Robert Charles Wilson Geoff Ryman Samuel R Delany Richard K Morgan John Scalzi Iain M Banks Ernest Cline James S A Corey Colson Whitehead Andy Weir Daniel H Wilson Ian McDonald Yoon Ha Lee Tade Thompson Neal Stephenson and Kim Stanley Robinson **Axis** Robert Charles

Wilson, 2013-06-24 The World Next Door Engineered by the mysterious Hypotheticals to support human life it s connected to Earth by way of the Arch that towers hundreds of miles over the Indian ocean Humans are colonizing this new world and predictably exploiting its resources chiefly large deposits of oil in the western deserts of the continent of Equatoria Lise Adams is a young woman attempting to uncover the mystery of her father s disappearance ten years ago Turk Findley is an ex sailor and sometime drifter They come together when an infall of cometary dust seeds the planet with tiny Hypothetical machines Now Lise Turk a Martian woman and a boy who has been engineered to communicate with the Hypotheticals are drawn to a place in the desert where this seemingly hospitable world has become suddenly very alien indeed and the nature of time is being once again twisted by entities unknown **The Mammoth Book of Best New SF 25** Gardner

and essays **Talking Book Topics** ,2017 The Routledge Introduction to Canadian Fantastic Literature Allan Weiss,2020-12-29 This study introduces the history themes and critical responses to Canadian fantastic literature Taking a chronological approach this volume covers the main periods of Canadian science fiction and fantasy from the early nineteenth century to the first decades of the twenty first century The book examines both the texts and the contexts of Canadian writing in the fantastic analyzing themes and techniques in novels and short stories and looking at both national and international contexts of the literature s history This introduction will offer a coherent narrative of Canadian fantastic literature through analysis of the major texts and authors in the field and through relating the authors work to the world around them Blind Lake Robert Charles Wilson,2013-08-29 Robert Charles Wilson says The New York Times writes superior science fiction thrillers His Darwinia won Canada s Aurora Award his most recent novel The Chronoliths won the prestigious John W Campbell Memorial Award Now he tells a gripping tale of alien contact and human love in a mysterious but hopeful universe At Blind Lake a large federal research installation in northern Minnesota scientists are using a technology they barely understand to watch everyday life in a city of lobster like aliens upon a distant planet They can t contact the aliens in any way or understand their language All they can do is watch Then without warning a military cordon is imposed on the Blind Lake site All communication with the outside world is cut off Food and other vital supplies are delivered by remote control No one knows why The scientists nevertheless go on with their research Among them are Nerissa Iverson and the man she recently divorced Raymond Scutter They continue to work together despite the difficult conditions and the bitterness between them Ray believes their efforts are doomed that culture is arbitrary and the aliens will forever be an enigma Nerissa believes there is a commonality of sentient thought and that our failure to understand is our own ignorance not a fact of nature The behavior of the alien she has been tracking seems to be developing an elusive narrative logic and she comes to feel that the alien is somehow impossibly aware of the project s observers But her time is running out Ray is turning hostile stalking her The military cordon is tightening Understanding had better come soon Blind Lake is a 2004 Hugo Award Nominee for Best Novel *Canadian Science Fiction, Fantasy, and Horror* Amy J. Ransom,Dominick Grace,2019-05-27 Canadian Science Fiction Fantasy and Horror Bridging the Solitudes exposes the limitations of the solitudes concept so often applied uncritically to the Canadian experience This volume examines Canadian and Québécois literature of the fantastic across its genres such as science fiction fantasy horror indigenous futurism and others and considers how its interrogation of colonialism nationalism race and gender works to bridge multiple solitudes Utilizing a transnational lens this volume reveals how the fantastic is ready made for exploring in non literal terms the complex and problematic nature of intercultural engagement *Aliens in Popular Culture* Michael M. Levy,Farah Mendlesohn,2019-03-22 An indispensable resource this book provides wide coverage on aliens in fiction and popular culture The wide impact that the imagined alien has had upon Western culture has not been surveyed before in many cases the essays in Aliens in Popular Culture are the first written on

the topic The book is a compendium of short entries on notable uses of aliens in popular culture across different media and platforms by almost 90 researchers in the field It covers science fiction from the late nineteenth century into the twenty first century including books films television comics games and even advertisements Individual essays point to the ways in which the imagined alien can be seen as a reflection of different fears and tensions within society above all in the Anglo American world The book additionally provides an overview for context and suggestions for further reading All varieties of readers will find it to be a comprehensive reference about the extra terrestrial in popular culture **Spin** Robert Charles
