Marco Fantuzzi

Achilles Paradigms Of The War Hero From Homer To The Middle Ages:

Achilles Katherine Callen King, 1987 The powerful portrait of the glorious Greek warrior Achilles presented in Homer's Iliad imbued a particular soldier with transcendent value linking soldier with hero in Western culture Tracing Achilles' appearances in the works of poets, generals, philosophers, priests and patriots Katherine Callen King establishes the moral or political significance attached to the hero as a response to shifting mores and contemporary issues *Achilles* Katherine Callen King, 1986

Achilles Katherine Callen King, 1987 Quintus Smyrnaeus' Posthomerica Calum A. Maciver, 2012-05-10 Quintus Smyrnaeus' Posthomerica 3rd century C.E. the 14 book Greek epic on the Trojan War is a text which has traditionally been overlooked in the main canon of Classical authors and in fact until only recently has been largely ignored as a literary work This book the first monograph in English on the poem since 1904 examines the Posthomerica's close relationship with the Homeric epics with a focus on the originality and Late Antique interpretative bias of Quintus in his readings and emulation of Homer The study deals specifically with three separate aspects of poetics and their Homeric intertextuality: ecphrasis, gnomic and similes and their role within the poem's narrative strategies, themes and aims A Dictionary of Medieval Heroes Willem Pieter Gerritsen, A. G. van Melle, 1998 The different cultures from which the middle ages drew its inspiration are represented: Cu Chulainn from the Celtic world, Apollonius of Tyre from Greek romance, Attila the Hun and Theodoric the Ostrogoth from the struggle of the Roman empire against the Barbarians Each entry gives an outline of the story, how it spread through Europe, its modern retelling and appearances in art and a selective bibliography

Jacket Rome: An Empire of Many Nations Jonathan J. Price, Margalit Finkelberg, Yuval Shahar, 2022-04-21 A panoramic and colourful view of the many ethnic identities, languages and cultures composing the Roman Empire

Reading Fear in Flavian Epic Dalida Agri, 2022-06-02 This book examines the textual representations of emotions, fear in particular, through the lens of Stoic thought and their impact on depictions of power, gender and agency It first draws attention to the role and significance of fear and cognate emotions in the tyrant's psyche and then goes on to explore how these emotions in turn shape the wider narratives The focus is on the lengthy epics of Valerius Flaccus' Argonautica, Statius' Thebaid and Silius Italicus' Punica All three poems are obsessed with men in power with no power over themselves, a marked concern that carries a strong Senecan fingerprint Seneca's influence on post-Neronian epic can be felt beyond his plays His Epistles and other prose works prove particularly illuminating for each of the poet's gendered treatment of the relationship between power and emotion By adopting a Roman Stoic perspective, both philosophical and cultural, this study brings together a cluster of major ideas to draw meaningful connections and unlock new readings Desire in the Iliad Rachel H. Lesser, 2022-09-08 This is the first study to examine desire in the Iliad in a comprehensive way and to explain its relationship to the epic's narrative structure and audience reception Rachel H. Lesser offers a new reading of the poem that shows how the characters' desires, especially those of the mortal hero Achilles and the divine king Zeus, motivate plot and keep the

audience engaged with the epic until and even beyond its end The author argues that the characters desires are primarily organized in narrative triangles that feature two parties in conflict over a third A variety of desires animate these triangles including sexual passion longing for a lost loved one yearning for lamentation and aggressive desires for vengeance and status and they are signified with terms such as eros himeros pothe menos thumos boule and eeldor as well as through the epic s thematic emotions of grief and anger Desire in the Iliad shows how the mortals and gods triangular desires together drive and shape two Iliadic plots the main plot of Achilles withdrawal from the fighting and then return to battle and the superplot of the larger Trojan War story The author also argues that these plots and their motivating desires arouse the listener s or reader s own corresponding desires narrative desire to know and understand the Iliad s full story sympathetic desire for characters welfare and empathetic passions longings and wishes Our desires invest us in the epic narrative and their resolution brings us satisfaction

From Melos to My Lai Lawrence A. Tritle, 2000 This is a brilliant and moving discussion of the nature of violence in the ancient and modern world and how the traumas experienced affected the survivors

Stonewall Jackson and Religious Faith in Military Command Kenneth E. Hall, 2005-05-03 The relationship between war and religion is nothing new For millennia humankind has waged war over religion and derived religion from war It is not surprising then that military leadership and religious conviction frequently coincide This study documents the long tradition of the religious warrior in Western history and literature with a special focus on Civil War general Thomas J Stonewall Jackson It also provides a general survey of the religious antecedents of Jackson and other more modern American military heroes The book begins with an introduction to the Confederate general largely from the perspective of those who lived with and served under him whose testimonies attest to his courage initiative innate tactical talent deep religious faith and eccentric personal habits The author analyzes the extent to which Jackson s national zeal has elevated him to the status of a religious martyr remembered today within an epic frame of sainthood and heroism Concise comparisons are drawn between Jackson and his Old World predecessors including Ulrich Zwingli John Knox and Oliver Cromwell Similar associations are made between Jackson and such Civil War contemporaries as William Dorsey Pender and Oliver Otis Howard A chapter addressing the representation of Stonewall in modern Civil War literature and film particularly in the novel and subsequent motion picture Gods and Generals provides an insightful juxtaposition of Jackson s status among the gods of the Civil War and his own reverence for the God of his Presbyterian faith

Statius: Achilleid, 2024-07-12 Statius Achilleid is the most extensive treatment of the myth of Achilles hiding disguised as a girl on the island of Scyros In the Achilleid the hero who had been trained to be an outstanding warrior by the centaur Chiron complies with a scheme devised by his divine mother Thetis who does not want him to sail to Troy since her son is fated to die there She proposes that he dress as a girl in order to hide himself from the Greeks who wish to enlist him in the martial expedition despite his inclinations developed by Chiron Achilles acquiesces but only in order to pursue his desire for the princess Deidamia Odysseus and Diomedes sent by the Greek army

come to Scyros to reclaim Achilles and the poem depicts the struggles faced by Deidamia and Achilles future comrades as they coax him in opposite directions While Achilles tries to sort out his desires he reflects upon love family social obligations and the lessons that have been imparted to him Throughout the Middle Ages and up to the current day Statius depiction of the great Greek hero has attracted artistic and scholarly attention for its treatment of themes such as education heroism fate and gender and sexuality Statius poem written at the end of the first century CE also engages deeply with the entirety of the Greek and Roman literary traditions in particular epic poems such as the Iliad the Odyssey Vergil's Aeneid and Ovid's Metamorphoses The Achilleid's reworking of these earlier poems amounts to a tour de force reconsideration of the entire genre of epic poetry This new edition of the Achilleid contains an extensive introduction encompassing mythological background details about Statius language and meter and a survey of the reception of the poem since late antiquity a Latin text based upon recent scholarship with facing page English translation and the first full scale commentary in English in nearly 70 years

A Star-crossed Golden Age Frederick A. De Armas, 1998 This collection of essays grew out of a National Endowment for the Humanities Institute directed by Frederick A de Armas and contains essays by the director some of the visiting faculty and the participants The book seeks to develop the link between mythology and the comedia through a number of approaches including astrology cartomancy pre Socratic elemental cosmology iconography hagiography metamorphoses Lacanian psychoanalysis Jungian principles the philosophy of Schopenhauer Santayana's poetics syncretism gender studies and Vedic theories

Achilles in Love Marco Fantuzzi, 2012-12-20 Tracing the escapades of Achilles erotic history whether in same sex or opposite sex relationships this book explains how these relationships were developed and revealed or elided and concealed in the writing and visual arts following Homer

Homeric Epic and Its Reception Seth L. Schein, 2016 Homeric Epic and its Reception comprising twelve chapters some previously published but revised for this collection and others appearing here in print for the first time offers literary interpretations of the Iliad the Odyssey and the Homeric Hymn to Aphrodite While some chapters closely study the diction meter style and thematic resonance of particular passages and episodes in the Iliad and the Odyssey others follow diverse pathways into the interpretation of the epics including mythological allusion intertextuality the metrics of the Homeric hexameter and the fundamental contrast between divinity and humanity Also included are two chapters which focus on the work of Milman Parry and Ioannis Kakridis founders of the two most fruitful twentieth century scholarly approaches to Homeric scholarship the study of the Iliad and the Odyssey as traditional oral formulaic poetry Parry and the study of the poems adaptations and transformations of traditional mythology folktales and poetic motifs in accordance with their distinctive themes and poetic purposes Kakridis The volume draws to a close with three chapters which discuss some of the most compelling poetic and critical receptions of the Iliad and the Odyssey since the late nineteenth century and the institutional reception of the epics in colleges and universities in the United States over the past two centuries Written over a period of 45 years this collection reflects the author's long standing

interest in and scholarly and critical approaches to the literary interpretation of Homeric poetry The Cambridge Companion to Homer Robert Fowler, 2004-10-14 The Cambridge Companion to Homer is a guide to the essential aspects of Homeric criticism and scholarship including the reception of the poems in ancient and modern times Written by an international team of scholars it is intended to be the first port of call for students at all levels with introductions to important subjects and suggestions for further exploration Alongside traditional topics like the Homeric Question the divine apparatus of the poems the formulae the characters and the archaeological background there are detailed discussions of similes speeches the poet as story teller and the genre of epic both within Greece and worldwide The reception chapters include assessments of ancient Greek and Roman readings as well as selected modern interpretations from the eighteenth century to the present day Chapters on Homer in English translation and Homer in the history of ideas round out the collection *The Aristocratic Ideal and Selected Papers* Walter Donlan, 1999-01-01 The reissue of Donlan s 1980 seminal work *The Aristocratic Ideal in Ancient Greece* is long overdue It is paired here with Donlan s later writings which span the years 1970 1994 **Shakespeare's Literary Authorship** Patrick Cheney, 2008-06-26 This book considers Shakespeare as a literary figure analysing his full professional career both poetry and plays **The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7** Michael Gagarin, 2010 **Brill's Companion to Greek and Latin Epyllion and Its Reception** Manuel Baumbach, Silvio Bär, 2015-03-20 In classical scholarship of the past two centuries the term epyllion was used to label short hexametric texts mainly ascribable to the Hellenistic period Greek or the Neoterics Latin Apart from their brevity characteristics such as a predilection for episodic narration or female characters were regarded as typically epyllic features However in Antiquity itself the texts we call epyllia were not considered a coherent genre which seems to be an innovation of the late 18th century The contributions in this book not only re examine some important and some lesser known Greek and Latin primary texts but also critically reconsider the theoretical discourses attached to it and also sketch their literary and scholarly reception in the Byzantine and Middle Ages the Renaissance and the Modern Age **Psychological and Ethical Ideas** Sullivan, 2018-07-17 Psychological and Ethical Ideas studies what Greek poets and philosophers of the Archaic Age of Greece say about certain psychological and ethical ideas These ideas include psychological activity soul excellence and justice These ideas were chosen to show how early Greek individuals think act and relate to other people and to their universe The book first discusses the nature of the literature of the Archaic Age It then treats in detail what early Greeks say about the four ideas presenting numerous quotations all in translation The book concludes with an overview of the ideas discussed The book introduces the reader to important ideas of the Archaic Age showing what both poets and philosophers thought These ideas are central to this period and were to have an important role in the literature and philosophy of later Greek authors especially in the drama of the fifth century and the philosophy of the fourth century

Thank you for downloading **Achilles Paradigms Of The War Hero From Homer To The Middle Ages**. Maybe you have knowledge that, people have search numerous times for their chosen books like this Achilles Paradigms Of The War Hero From Homer To The Middle Ages, but end up in malicious downloads.
