Wasserstrom,2002-01-07 Chinese Literature Lydia H Liu **China in the 1970s - From Cultural Revolution to Emerging World Economy** Irmtraud Eve Burianek,2009-06-12 Scientific Essay from the year 2009 in the subject Orientalism Sinology Chinese China course Private discussions of scholarly work on China language English abstract The tumultuous decade of the Seventies in China develops from a suppressive phase determined by the Cultural Revolution and the principles of communist dictatorship to its first unexpected opening to the West with Nixon s visit to China in 1972 We will follow China s history from the death of Mao Zedong and Zhou Enlai in 1976 through the turmoil following the arrest of the Gang of Four in October 1976 the reform course of Deng Xiaoping beginning in 1978 the democracy movement to the deep structural economic reforms with the open door policy in 1980 The Seventies began in China in the dark era of the Cultural Revolution Mao despite his position of being the godlike Supreme Leader of China became aware in the mid Sixties that the pragmatists in the Communist Party were actually running the country Under the pragmatists China finally showed improvement in living standards a more relaxed lifestyle and greater literary and artistic freedom But Mao saw exactly this as a threat to his own person and resented the successful party officials up to the leaders in his immediate vicinity He regarded himself as a Stalin figure In 1956 Soviet Premier Nikita Khrushchev had denounced Stalin Mao decided to make a preemptive strike and destroy the man he regarded as China s Khrushchev Liu Shaoqi as well as Liu s colleague Deng Xiaoping as well as their followers in the party Because they were numerous he came up with a diabolical plan of turning the Chinese against each other in an unprecedented mass campaign of denunciation Mao appealed to lower officials o criticize and denounce their superiors for betraying the revolution students to criticize their teachers and professors workers their supervisors neighbors their neighbors and young people their elders One billion people were turned upside down looking for counterrevolutionary tendencies in each other This he deceptively termed the Cultural Revolution For the culture part Mao involved his wife Jiang Qing Mao accepted his wife s former career as an actress in Shanghai as a as sufficient base for overseeing China s intellectual and artistic life

The Chinese Civil War 1945 - 1949 Irmtraud Eve Burianek,2012-08-21 Essay from the year 2010 in the subject Orientalism Sinology Chinese China grade language English abstract One of the best Chinese Civil War books of all time BookAuthority The Chinese civil war is one of the key events of 20th century The victory of the Communists over the Nationalists determined the Chinese history over several generations and defined international relations in East Asia throughout the Cold War era and after The civil war in China represents not only the clashes of armies but also of nations

and classes As all civil wars it represents furthermore a traumatic and painful process within a people with atrocities on both sides and horrendous suffering of combatants and civilians The civil strife between the Nationalists and Communists on mainland China had begun in the 1920s coming to a head right after the end of World War II in 1945 when the Communists began the successful drive that won them final control over China in October 1949 From then on China was under the rule of Mao s Communist Party with one exception Taiwan The island southeast of mainland China was ruled by Chiang Kai shek Since 1949 the world has dealt with two Chinese states the People s Republic of China or PRC in mainland China under the Communists and the Republic of China or ROC in Taiwan under the Nationalists **Healing Henan** Sonya

Grypma,2008-07-01 While volumes have been written about the Protestant missionary movement in China scant attention has been paid to the role of nursing and nurses in these missions Set against a backdrop of war and revolution *Healing Henan* brings sixty years of missionary nursing out of the shadows by examining how Canadian nurses shaped health care in the province of Henan and how China in turn influenced the nature of missionary nursing From the time Presbyterian later United Church missionaries arrived in China in 1888 until the abrupt closure of the North China Mission in 1947 Canadian nurses were ubiquitous in Henan As China underwent a tumultuous transition from dynastic kingdom to independent republic Canadian nurses advanced a version of hospital based nursing education and practice that rivalled modern nursing care in Canada In *Healing Henan* Sonya Grypma offers a highly readable and fresh perspective on China missions and the global expansion of professional nursing As the first comprehensive study of missionary nursing in China it will be of particular interest to nurses and missionaries and to historians of Canada China nursing medicine women s work and missions **Culture, Identity, Commodity** Tseen Khoo,Kam Louie,2005-07-01

Culture Identity Commodity is a pioneering work focused on diasporic Chinese literary production in English It provides broad ranging critically engaged textual analyses that address the dynamic area of diasporic Chinese literary studies from American Australian and Canadian perspectives The innovative research in this collection comes from established and emerging scholars who draw on threads of transnational postcolonial globalization and racialization theories to engage with a broad range of texts including novels autobiographies plays and Chinese cooking shows In so doing the authors examine issues of cultural and racial identity the politics of Chinese ness and the commodification of race ethnicity and negotiations of belonging in contemporary Western society The breadth and depth of the volume s twelve chapters and critical introduction encapsulate vital components of this active research field The book is a handy reference and critical work for researchers and students and others interested in diasporic Chinese literatures in English contextualizing national conditions and interrogating the thematics of diasporic and transnational experiences The volume will be of interest to those researching in diasporic Asian studies Chinese and English literatures Australian Canadian or American literary studies as well as lay readers interested in intercultural creative and cultural issues
