nation Each story sparks into life instantly and like a struck match leaves a vivid impression of its characters burning on the retina long after the story has concluded The landscapes they play out in also make their mark from the panic stricken streets of New York on 9 11 to the eerie quiet of a wood on the outskirts of a city the haunted corners of an old Cornish house to the rubble of a bombed out office block in a country at war with itself This year s shortlist was drawn up by a panel of judges that included novelists Deborah Moggach Mohsin Hamid and Peter Hobbs as well as BBC Editor of Readings Di Speirs and the broadcaster Mariella Frostrup who chaired the panel and who also introduces the collection 9/11 and the War on Terror David Holloway,2008-05-19 This interdisciplinary study of how 9 11 and the war on terror were represented during the Bush era shows how culture often functioned as a vital resource for citizens attempting to make sense of momentous historical events that frequently seemed beyond their influence or control Illustrated throughout the book discusses representation of 9 11 and the war on terror in Hollywood film the 9 11 novel mass media visual art and photography political discourse and revisionist historical accounts of American empire between the September 11 attacks and the Congressional midterm elections in 2006 As well as prompting an international security crisis and a crisis in international governance and law David Holloway suggests the culture of the time also points to a crisis unfolding in the institutions and processes of republican democracy in the United States His book offers a cultural and ideological history of the period
