Familiar and Foreign Manijeh Mannani, Veronica Thompson, 2015-09-30 The current political climate of confrontation between Islamist regimes and Western governments has resulted in the proliferation of essentialist perceptions of Iran and Iranians in the West Such perceptions do not reflect the complex evolution of Iranian identity that occurred in the years following the Constitutional Revolution 1906-11 and the anti imperialist Islamic Revolution of 1979 Despite the Iranian government's determined pursuance of anti Western policies and strict conformity to religious principles the film and literature of Iran reflect the clash between a nostalgic pride in Persian tradition and an apparent infatuation with a more Eurocentric modernity In *Familiar and Foreign* Mannani and Thompson set out to explore the tensions surrounding the ongoing formulation of Iranian identity by bringing together essays on poetry novels memoir and films These include both canonical and less widely theorized texts as well as works of literature written in English by authors living in diaspora Challenging neocolonialist stereotypes these critical excursions into Iranian literature and film reveal the limitations of collective identity as it has been configured within

and outside of Iran Through the examination of works by among others the iconic female poet Forugh Farrokhzad the expatriate author Goli Taraghi the controversial memoirist Azar Nafisi and the graphic novelist Marjane Satrapi author of Persepolis this volume engages with the complex and contested discourses of religion patriarchy and politics that are the contemporary product of Iran's long and revolutionary history

Dancing an Embodied Sinthome Megan Sherritt,2024-01-04 This book provides the first in depth analysis of Lacanian psychoanalytic theory and the art of dance and explores what each practice can offer the other It takes as its starting point Jacques Lacan s assertion that James Joyce s literary works helped him create what Lacan terms a sinthome thereby preventing psychosis That is Joyce s use of written language helped him maintain a normal existence despite showing tendencies towards psychosis Here it is proposed that writing was only the method through which Joyce worked but that the key element in his sinthome was play specifically the play of the Lacanian real The book moves on to consider how dance operates similarly to Joyce s writing and details the components of Joyce s sinthome not as a product that keeps him sane but as an interminable process for coping with the Lacanian real The author contends that Joyce goes beyond words and meaning using language s metre tone rhythm and cadence to play with the real mirroring his experience of it and confining it to his works creating order in the chaos of his mind The art of dance is shown to be a process that likewise allows one to play with the real However it is emphasized that dance goes further it also teaches someone how to play if one doesn t already know how This book offers a compelling analysis that sheds new light on the fields of psychoanalysis and dance and looks to what this can tell us about and the possibilities for both practices concluding that psychoanalysis and dance both offer processes that open possibilities that might otherwise seem impossible This original analysis will be of particular interest to those working in the fields of psychoanalysis aesthetics psychoanalytic theory critical theory art therapy and dance studies

The importance of being a

reader: A revision of Oscar Wilde's works Cristina Pascual Aransáez,2014-09-01 This book explores Wilde's works from the hypothesis that they call upon the active participation of the reader in the production of meaning. It has a twofold objective: first, it shows that Wilde's emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co-creator in the construction of meaning. Second, it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these. The examination of Wilde's writings reveals how he gradually combined more sophisticated techniques that encouraged the reader's dynamic role with the progressive exploitation of self-advertising strategies for professional purposes. These allowed the commercial Oscar to make his works successful among the Victorian public without betraying the literary Wilde's aesthetic principles. The present study re-evaluates Wilde as a critic and as a writer. It demonstrates that while Wilde the myth was ahead of his time in many ways, Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians. Thus, it may contribute to give him the status he rightly deserves in the history of literature.

Part II focuses on resource-based instruction by general subject groups such as humanities, social studies, science, and vocational education.

Unstructured Julius Brown, 2024-04-05 There is a plethora of gray area when it comes to one's perspective. Sometimes there is no right or wrong. There are multiple perspectives that are acceptable. Anxiety and depression are highly controversial subjects because one cannot act in a way that everyone will accept or think is absolute. Life is very interesting and can shatter your soul into a thousand pieces one day or can have you feeling so confident in yourself that you are genuinely happy and believe you can do anything. Toxic work environments are abundant in America, and there is no sign of this becoming resolved. Why? Because CREAM Cash Rules Everything Around Me. It's bullshit, especially when the leadership of these companies don't give a fuck and just want to have money or power or sometimes both. Let's not forget about personal relationships, either. These are just as important for our mental health. My experiences in life are a fucking roller coaster of emotions that run deep. Am I right? Am I wrong? There is no definitive answer. There is only perspective. And everyone has one.
