The commonly held belief that you should follow your passion is flawed. Many people believe that in order to be truly happy, you need to find and follow your one and only true passion. This is a very limiting approach to passion, and one not backed up by much research. In fact, recent research in the field of positive psychology has shown that you can live a more fulfilling life by choosing to pursue your whole life with passion. This has nothing to do with monetising the one thing that you love, but finding love in what you do. Susanna Halonen, also known as the Happyologist, introduces a new approach to passion that enables you to take control of your happiness. By highlighting the latest research in the field, including her own, Susanna explains how you can choose to unlock the passion inside you so that you can live a more fulfilling life. The secret to living life with passion is pursuing the passionate way of being, and the five keys to that secret are individually explored and discussed in this book. Each discussion is followed by questions of self-reflection that encourage you to create your own unique action plan to start unlocking your passion. This book is an eye opener for those who want to understand the real science behind passion. It's also a must-read for anyone who is looking for more fire, spark, and positive energy in their lives and careers. Most of all, it's a tool to help you to take a more proactive approach to unearthing your best self and setting out on the path towards passionate happiness. Praise for *Screw Finding Your Passion*: Wanting happiness and knowing how to pursue it are two different things. Scientifically, happiness is a choice, not something you find. Using new research and practical tools, Halonen helps us change the formula for how we pursue passion, allowing us to find more ways of achieving our potential and creating joy. Shawn Achor, positive psychology researcher and *NYTimes* bestselling author of *The Happiness Advantage*. It's very clear that Susanna Halonen is passionate about her work. And it's very clear that her work can help you unlock the passion within you. Tal Ben Shahar, author of international bestseller *Happier*. We all have times that life seems flat and not very fulfilling. Susanna's unique

stance on passion will enable us to find that love for whatever we're doing right now Nina Grunfeld founder of Life Clubs This idea is so important it can't be ignored Elliot Newsome founder and Managing Director of SKT Consulting
