Varieties of Qualitative Research Methods Janet Mola Okoko,Scott Tunison,Keith D. Walker,2023-01-01 This book is a compilation of more than 70 qualitative research concepts that are used by researchers and practitioners in the social sciences and humanities The concepts include methods and methodologies applied in qualitative research in various contexts Each concept is a standalone chapter that is authored by a researcher or practitioner who has had some scholarly experience with it The chapters are alphabetized using the titles of the concepts to provide easy access for readers They follow a prescribed outline which

ensures homogeneity in the layout of the book Each chapter starts with a brief historical background of the concept followed by a concise description of the concept and the process used in its application Readers are then provided with the possible ways in which the concept can be used and its benefits Each chapter concludes by providing readers with some strengths and limitations of the concept and a list of references that authors have used in the chapter Insights From Music Therapy Practice and Research Jessica Atkinson, 2025-07-31 This book drawing on the author's 26 years as a music therapist explores experience and evidence in music therapy It asks which experiences count why and what is revealed of the cultures of music therapy when some experience is regarded as evidence and some is not At the heart of music therapy lies a nonverbal phenomenon shared musical encounter Those involved can recognise it and respond without words as insiders However what this experience is and how it relates to evidence is not widely explored in music therapy practice and research Furthermore the investigations which do exist tend to be verbal even when participants are nonverbal As an alternative this autoethnographic book honours the arts based encounters fundamental to music therapy by offering the reader their own arts based experience through poems images and more Through them the reader or Collaborator is invited to consider the other knowing which comes from arts based encounter and its value Using phenomenological and Aesthetic Critical Realist approaches this work argues that relational musical experience central to music therapy is valuable on its own terms as musically mediated therapeutic evidence of personhood This challenges the professional status quo which privileges verbal knowledge creation and evidence measured by outsiders Qualitative Methods in Communication and Media Sandra L. Faulkner, Joshua D. Atkinson, 2023-10-17 Qualitative Methods in Media and Communication offers a learning centered guide to designing conducting and evaluating qualitative communication and media research methods Drawing upon years of teaching qualitative research methods Sandra L Faulkner and Joshua D Atkinson introduce and unpack qualitative communication research method design analysis representation writing and evaluation using extended examples and clear discussion The authors use key terms extended examples discussion questions student tested writing and research activities examples of student work and questions and suggested resources to help readers design do and analyze qualitative research As a textbook its pedagogical goals for the student include 1 becoming a critical reader of research studies by understanding the epistemologies and methodological assumptions used by researchers 2 learning the various methods strategies and approaches for doing qualitative research 3 developing a strong basic vocabulary and understanding of concepts relating to qualitative and humanistic research methods 4 understanding special concerns related to particular research methods and 5 designing executing and representing original qualitative research projects With numerous elements intended to engage students and enrich the learning process the book provides examples of how to do qualitative and critical analyses including arts based and media and textual analyses to understand describe and query communication and media research in a variety of communication areas There is also an extensive discussion of ethics in qualitative research and spotlights with renowned

researchers on hot topics in qualitative research The Practice of Qualitative Research Sharlene Nagy Hesse-Biber, Patricia L. Leavy, 2011 This book provides undergraduate and beginning graduate students with a hands on introduction to qualitative research methods through the use of in depth examples and out of class exercises Rather than de linking theory from methods and presenting students with a laundry list of methods like so many texts do The Practice of Qualitative Research provides readers with the link between theory and methods throughout the book Starting with how to develop a good research question the authors carefully show the nuts and bolts of data collection including issues of sampling validity reliability and ethics the multiplicity of considerations and how to sort through them during research design the how to s of each major qualitative approach and conclude with data analysis interpretation and reporting The Practice of Qualitative Research is designed for upper level undergraduate and graduate level courses that introduce the student to Qualitative Research The book provides coverage on the foundations of qualitative research the methods used in doing the research and how you analyze the data and present it **The Oxford Handbook of Qualitative Research in American Music Education** Colleen M. Conway, 2014 While qualitative research has become increasingly popular in music education over the last decade there is no source that explains the terms approaches and issues associated with this method In The Oxford Handbook of Qualitative Research in American Music Education editor Colleen Conway and the contributing music educators will provide that clarification as well as models of qualitative studies within various music education disciplines The handbook outlines the history of qualitative research in music education and explores the contemporary use of qualitative approaches in examining issues related to music teaching and learning It includes 32 chapters and is divided into five parts Part I defines qualitative research and examines historical philosophical and ethical issues associated with its use in music education Part II discusses ways of approaching qualitative research including case study ethnography phenomenology narrative inquiry practitioner inquiry and mixed methods Ways of collecting and analyzing data are examined in the third part of the text observations interviews document analysis music as data and technology Part IV examines various music teaching and learning contexts that have been studied using qualitative approaches including early childhood general instrumental band instrumental string choral preservice and inservice teacher education adult and community settings student with exceptionalities underserved populations and world music The final section of the book tackles permission to conduct research teacher qualitative research publishing qualitative research and direction for the future An ambitious and much needed volume this handbook will stand as a key resource for drawing meaning from the experiences of students and teachers in music classrooms and communities Anthropology and Art Practice Arnd Schneider, Christopher Wright, 2013-11-07 Anthropology and Art Practice takes an innovative look at new experimental work informed by the newly reconfigured relationship between the arts and anthropology This practice based and visual work can be characterised as art ethnography In engaging with the concerns of both fields this cutting edge study tackles current

issues such as the role of the artist in collaborative work and the political uses of documentary The book focuses on key works from artists and anthropologists that engage with art ethnography and investigates the processes and strategies behind their creation and exhibition The book highlights the work of a new generation of practitioners in this hybrid field such as Anthony Luvera Kathryn Ramey Brad Butler and Karen Mizra Kate Hennessy and Jennifer Deger who work in a diverse range of media including film photography sound and performance Anthropology and Art Practice suggests a series of radical challenges to assumptions made on both sides of the art anthropology divide and is intended to inspire further dialogue and provide essential reading for a wide range of students and practitioners

Handbook of Qualitative and Visual Methods in Spatial Research Anna Juliane Heinrich, Séverine Marguin, Angela Million, Jörg Stollmann, 2024-07-08 Listening experiencing drawing or interpreting spaces narratives experiences visualizations and discourses can be helpful for the empirical investigation of spaces This interdisciplinary handbook presents a broad spectrum of established methods and innovative method development to capture and understand different facets of spaces Instructive explanations and concrete examples make the varied qualitative methods of spatial research understandable and applicable across disciplines The theoretical and methodological aspects of qualitative spatial research form the framework of this handbook

Educational Implications of Artistic Practice Luis S. Villacañas-de-Castro, Miguel Corella-Lacasa, 2025-09-26 This collection draws on a range of frameworks from the fields of aesthetics philosophy and political theory to discuss how art has been characterized across the humanities It derives consequences for educational institutions pedagogy and teachers of specific curricular areas The book addresses issues such as how art has been defined what its affordances are for educators whether artistic practice is an intrinsically educational process whether museums and galleries are educational institutions and conversely whether schools may also qualify as artistic laboratories Through these and more questions the book approaches the education art nexus from both sides of the relationship with chapters that either look at education through art or at art through education The contributors belong to education aesthetic and arts university departments and report on a variety of interdisciplinary research projects As a result the volume provides both theoretical insights into the distinct means and purposes of art and lively illustrations of the affordances that art holds for educators in different institutions and contexts Although rooted for the most part in the Spanish speaking world the volume embraces a glocal perspective whereby contemporary tendencies and discussions are embodied and transmitted through rich and textured qualitative case studies
