Flaming Embers Nela Bureu Ramos,2010 Desire in the broadest sense as a form of generous self assertion should ideally increase with the passage of time as we gradually acquire deeper insight into ourselves and others Prescriptive cultural stereotypes however put obstacles on our path to progress as individuation Yet growing older should not entail renunciation of the singularity of personal fulfilment This volume is a collection of literary testimonies to the power of art to challenge and resist the social constraints on desire in the context of aging In the essays men and women claim their right to

age in desire and imaginative vigour The Feminist Bestseller Imelda Whelehan,2017-03-16 Imelda Whelehan provides an overview of popular women s writing from the late 1960s to the present looking at how key feminist texts such as The Women s Room Kinflicks and Fear of Flying have influenced popular contemporary fiction such as Bridget Jones Diary and Sex and the City Whelehan reconsiders the links between the politics of feminist thought action and writing and creative writing over the past 30 years and suggests that even so called post feminist writing owes an enormous debt to feminism s second wave
