uses of Odin in the Middle Ages The book argues that the perceived complexity of Odin often highlighted in research is first and foremost a function of the complex textual material spanning a wide variety of genres each with its particular literary conventions and of the reception of Odin in early modern and modern mythological studies **The Story of the Volsungs, (Volsunga Saga)** William Morris, 2015-05-06 This early work by William Morris was originally published in 1899 and we are now republishing it with a brand new introductory biography William Morris was born in London England in 1834 Arguably best known as a textile designer he founded a design partnership which deeply influenced the decoration of churches and homes during the early 20th century However he is also considered an important Romantic writer and pioneer of the modern fantasy genre being a direct influence on authors such as J R R Tolkien As well as fiction Morris penned poetry and essays We are republishing these classic works in affordable high quality modern editions using the original text and artwork
