THE FLOATING OPERA
AND
THE END OF THE ROAD

The Floating Opera By John Barth

John Barth

The Floating Opera By John Barth:

The Floating Opera and The End of the Road John Barth, 1988 Tells the stories of a man's struggle with the idea of suicide and of a bed hopping threesome brought together by a strange doctor psychiatrist mentor *The Floating Opera* John Barth, 1981 [The Floating Opera. Barth](#) John Barth, 1970 [Once Upon a Time](#) John Barth, 1995-05-18 **The Floating Opera** John Barth, 1981 [John Barth \(Routledge Revivals\)](#) Heide Ziegler, 2014-10-10 John Barth represents most completely what has been termed postmodernism not because his work comprises more postmodernist features than other contemporary writers but because for Barth life and art are two sides of the same coin In this brief study first published in 1987 Heide Ziegler examines all Barth's novels She argues that each pair of novels first exhausts and then replenishes those literary genres that hinge on a particular world view the existentialist novel the Bildungsroman the Künstlerroman or the realistic novel Through the division of labour between character and author Barth manages to develop a new mode of literary parody which projects itself beyond the mocked literary model and even self parody into the realm of future fiction This book is ideal for students of literature and postmodern studies *Passionate Virtuosity* Charles B. Harris, 1983 *The Floating Opera/ John Barth* John Barth, 1970 [John Barth](#) David Morrell, 2015-12-16 In 1969 while David Morrell was writing *First Blood* the novel in which Rambo was created he also wrote his doctoral dissertation about acclaimed author John Barth In it Morrell analyses Barth's early fiction using interviews with Barth his agent and his editors as well as several of Barth's unpublished essays and letters to tell what Morrell calls the story behind the stories a biography of Barth's fiction Over the years scholars have found John Barth An Introduction invaluable for its lengthy biographical sections which Barth himself approved Fans of Morrell's fiction will find this book enlightening in terms of what Barth taught him about writing **CRITICAL REACTION** David Morrell's not just a fine writer he's also a great and generous teacher New York Times bestselling author Lawrence Sanders Morrell has written an interesting and informative book which reads occasionally like a biography His prose is eminently clear and straightforward His book has something for everyone There is no doubt that it will become a necessity for serious students of Barth and that coincidentally it is a genuinely interesting book *Journal of Modern Literature* Morrell's study tells the story of Barth's storytelling how he got his ideas and then how the publishers and reviewers dealt with them He includes detailed biographical information and writes with great economy and clarity *Modern Fiction Studies* Morrell gives the reader the benefit of his familiarity with Barth and his manuscripts to plot the career of each work from plans and in some cases research through revision publisher agent reactions sales and post publication revisions The whole enterprise is carried off with appealing confidence and informality that add up to an eminently readable book *World Literature Today*

The 1950s Richard Alan Schwartz, 2014-05-14 Traces the history of the United States during the 1950s through such primary sources as memoirs letters contemporary journalism and official documents **John Barth's Postmodern Text as Optimistic** Kimberly Nash, 1998 **Dark Humor** Harold Bloom, Blake Hobby, 2010 Provides an examination of the use of

dark humor in classic literary works *Understanding John Barth* Stanley Fogel, Gordon Slethaug, 1990 The main aim of this work is to provide a comprehensive guide to the major writings of John Barth the author of *The Floating Opera* *The End of the Road* *Chimera* *The Tidewater Tales* A Novel and other works With roots in the 20 century existential tradition Barth sees human beings stripped of their beliefs in universal values and systems of belief in God tradition reason or literary formulations He is concerned about the kinds of choices that fulfill human and artistic potential and those that lead to failure and he is equally concerned about how those choices affect the environment Art to him shapes an awareness not only of literature itself but of self culture and history so he tries to review these areas against the grain **Faulkner and**

Postmodernism John N. Duvall, 2002 Since the 1960s William Faulkner Mississippi's most famous author has been recognized as a central figure of international modernism But might Faulkner's fiction be understood in relation to Thomas Pynchon's *Gravity's Rainbow* as well as James Joyce's *Ulysses* In eleven essays from the 1999 Faulkner and Yoknapatawpha Conference held at the University of Mississippi Faulkner and Postmodernism examines William Faulkner and his fiction in light of postmodern literature culture and theory The volume explores the variety of ways Faulkner's art can be used to measure similarities and differences between modernism and postmodernism Essays in the collection fall into three categories those that use Faulkner's novels as a way to mark a period distinction between modernism and postmodernism those that see postmodern tendencies in Faulkner's fiction and those that read Faulkner through the lens of postmodern theory's contemporary legacy the field of cultural studies In order to make their particular arguments essays in the collection compare Faulkner to more contemporary novelists such as Ralph Ellison Vladimir Nabokov Thomas Pynchon Walker Percy Richard Ford Toni Morrison and Kathy Acker But not all of the comparisons are to high culture artists since even Elvis Presley becomes Faulkner's foil in one of the essays A variety of theoretical perspectives frame the work in this volume from Fredric Jameson's pessimistic sense of postmodernism's possibilities to Linda Hutcheon's conviction that cultural critique can continue in postmodernism through innovative new forms such as metafiction Despite the different theoretical premises and distinct conclusions of the individual authors of these essays Faulkner and Postmodernism proves once again that in the key debates surrounding twentieth century fiction Faulkner is a crucial figure John N Duvall an associate professor of English at Purdue University is the editor of *Modern Fiction Studies* Ann J Abadie is associate director of the Center for the Study of Southern Culture at the University of Mississippi **John Barth and the Anxiety of Continuance** Patricia

Tobin, 2016-11-11 During the sixties and seventies the fictional reinventions of John Barth along with his misread and influential essay *The Literature of Exhaustion* established the comic novelist as a leading practitioner and theorist of what was then coming to be called postmodern literature In more recent years however Barth's reputation has been called into question within the ongoing critical debate over the criterion of originality and the status of literary repetition imitation and parody In her spirited defense of Barth Patricia Tobin employs Harold Bloom's theory of belatedness to confront and explode

this issue For Bloom the later the artist the greater the burden of the past against which he must rebel and the more hopeless his task However Tobin argues Barth revels in his belatedness and celebrates the opportunity to survey a rich literary past and to bring back to life its dead forms genres and styles by completing fulfilling and exhausting them Not a retrospective and negative anxiety of influence then but a wholly prospective and positive anxiety of continuance has propelled Barth through a distinguished career Throughout Tobin elaborates the conjunctions and disjunctions between Bloom and Barth with surprising results Most notable perhaps is her examination of how Bloom's model of a map of misreading helps to elucidate and even predict the ways in which Barth sets each new novel in antithetical relation to the one before Along the way much is said about modernism and postmodernism repetition and difference and what it means poetically and willfully to intend a career John Barth and the Anxiety of Continuance will be of interest to scholars of American fiction and critical theory
