Tolkien to Terry Pratchett and Tad Williams Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J.R.R. Tolkien's original term subcreation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader's willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader's acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader's immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media *The Hero of Ages* Brandon Sanderson, 2018-12 **El Héroe de las Eras (Trilogía Original Mistborn 3)** Brandon Sanderson, 2013-04-24 Mistborn Trilogía Original Libro 3 Mistborn es la saga que ha convertido a Brandon Sanderson en el gran autor de fantasía del siglo XXI Más de diez millones de ejemplares vendidos en todo el mundo Un mundo absolutamente fascinante The Washington Post El apasionante cierre de la Trilogía Mistborn Vin cumple la profecía y libera el poder acumulado en el Pozo de la Ascensión Sin embargo todo resulta ser una trampa y ahora el ser divino llamado Ruina campa a sus anchas por el mundo decidido a arrasarlo con terremotos y ríos de fuego Tras haber esquivado la muerte convirtiéndose en un nacido de la bruma el

While all fiction uses words to construct models of the world, for readers nowhere is this more obvious than in fantasy fiction. Epic fantasy novels create elaborate secondary worlds entirely out of language, yet the writing style used to construct those worlds has rarely been studied in depth. This book builds the foundations for a study of style in epic fantasy. Close readings of selected novels by such writers as Steven Erikson, Ursula Le Guin, N.K. Jemisin and Brandon Sanderson offer insights into the significant implications of fantasy's use of syntax, perspective, paratexts, frame narratives and more. Re-examining critical assumptions about the reading experience of epic fantasy, this work explores the genre's reputation for flowery, archaic language and its ability to create a sense of wonder. Ultimately, it argues that epic fantasy shapes the way people think, examining how literary representation and style influence perception. **The Shape of Fantasy** Charul Palmer-Patel, 2019-10-23. The Shape of Fantasy is an in-depth look at Heroic Epic Fantasy. It depicts structural and narrative patterns with models stemming from science and philosophy. Although Fantasy Fiction is generally defined by its impossibility, Fantasy Fiction is not an illogical form. It is, in fact, governed by a sense of rules and structure, one that reflects our current understanding of space, time and cosmology. These models are an integral part of the structure of Heroic Epic Fantasy itself. Thus, this book introduces new ways of perceiving current productions of the Fantasy genre. In doing so, it also explores how Fantasy Fiction exhibits a conscious awareness of its own form. **The Hero of Ages** Brandon Sanderson, 2014-10-07.
