**Political** Sandra McIntyre, 2013-05-01T00:00:00Z The stories within *Everything Is So Political* explore the intersection between politics and the contemporary short story From the overt to the subtle this collection tackles a broad range of topics and themes from women's rights and Aboriginal culture to environmentalism terrorism and totalitarianism This is one of the few Canadian anthologies that focuses on political fiction and it does so in a very powerful and artful way flying in the face of readers writers and critics alike who claim that writing with a political agenda occurs at the expense of literary quality Consisting of twenty short stories this collection is proof that it is increasingly difficult even impossible for fiction not to be political But make no mistake the stories in this anthology are stories first stories that are meant to be read shared and enjoyed but stories that will make you see things differently and question the world around you *The Broken Record*
