The Ghost's Child By Sonya Hartnett:

The Ghost's Child Sonya Hartnett, 2011-05-24 This is a romantic tale about a young girl's love for a boy named Feather. At the beginning Maddy comes home to find a teenage boy sitting in her living room. She does not know him but tells the boy the story of her life and her life with Feather. At the story's end we find the boy is Maddy's unborn child and she is dead. Ages 13. Winner of Children's Book Council of Australia Awards Book of the Year Older Readers 2008. Shortlisted for Commonwealth Writers Prize Best Book SE Asia and South Pacific 2008. *The Gothic in Children's Literature* Anna Jackson, Roderick McGillis, Karen Coats, 2013-10-11 From creepy picture books to Harry Potter, Lemony Snicket's *The Spiderwick Chronicles* and countless vampire series for young adult readers, fear has become a dominant mode of entertainment for young readers. The last two decades have seen an enormous growth in the critical study of two very different genres: the Gothic and children's literature. The Gothic, concerned with the perverse and the forbidden with adult sexuality and religious or metaphysical doubts and heresies, seems to represent everything that children's literature as a genre was designed to keep out. Indeed, this does seem to be very much the way that children's literature was marketed in the late eighteenth century at exactly the same time that the Gothic was really taking off, written by the same women novelists who were responsible for the promotion of a safe and segregated children's literature. This collection examines the early intersection of the Gothic and children's literature and the contemporary manifestations of the gothic impulse, revealing that Gothic elements can in fact be traced in children's literature for as long as children have been reading.
