The man without qualities Robert Musil, 1953 **The Man Without Qualities** Robert Musil, 1995 A novel in four volumes on the dying culture of pre World War I Vienna The man without qualities of the title is Ulrich a skeptical type who views with an amused eye all attempts by the rulers of the Austro Hungarian Empire to instill in their subjects the nationalistic fervor of neighboring Germany The author died in 1942 **The Man Without Qualities** Robert Musil, 2015-08-27 It is 1913 and Viennese high society is gripped by a mission to find an appropriate way of celebrating the seventieth jubilee of the accession of Emperor Franz Josef But as the aristocracy tries to salvage something illustrious out of the collapse of the Austro Hungarian Empire the ordinary Viennese world is beginning to show signs of more serious rebellion Caught in the middle of this social labyrinth is Ulrich youngish rich an ex soldier seducer and scientist Unable to deceive himself that the jumble of attributes and values that his world has bestowed on him amounts to anything so innate as a character he is effectively a man without qualities a brilliant detached observer of the spinning racing society around him Part satire part visionary epic part intellectual tour de force The Man Without Qualities is a work of immeasurable importance **The Man Without Qualities, by Robert Musil** James Kern Feibleman, 1954 **The Man Without Qualities** Robert Musil, 1995 *The World as Metaphor in Robert Musil's The Man Without Qualities* Genese Grill, 2012 The first study to utilize the Klagenfurt Edition of Musil's Nachlass offers a close reading of textual variations emphasizing Musil's commitment to the artist's role in re-creating the world Robert Musil known to be a scientific and philosophical thinker was committed to aesthetics as a process of experimental creation of an ever-shifting reality Musil wanted above all to be a creative writer and obsessively engaged in almost endless deferral via variations and metaphoric possibilities in his novel project The Man without Qualities This lifelong process of writing is embodied in the unfinished novel by a recurring metaphor of self-generating de-centered circle worlds The present study analyzes this structure with reference to Musil's concepts of the utopia of the Other Condition Living and Dead Words Specific and Non-Specific Emotions Word Magic and the Still Life In contrast to most recent studies of Musil it concludes that the extratemporal metaphoric experience of the Other Condition does not fail but rather constitutes the formal and ethical core of Musil's novel The first study to utilize the newly published Klagenfurt Edition of Musil's literary remains a searchable annotated text The World as Metaphor offers a close reading of variations and text genesis shedding light not only on Musil's novel but also on larger questions about the

modernist artist's role and responsibility in consciously re-creating the world. Genese Grill holds a PhD in Germanic Literatures and Languages from the Graduate School and University Center of the City University of New York.

The Intersection of Science and Literature in Musil's "The Man Without Qualities" Thomas Sebastian, 2005. A fresh view of the interplay of science and literature affecting Musil's great novel. As the utopian projection of a world in which the conditional mood is preferred to the indicative, Robert Musil's ambitious novel *The Man Without Qualities* is widely recognized as a great example of aesthetic modernism and a profound reflection on the postmodern condition. Based on the new and more inclusive English translation by Sophie Wilkins and Burton Pike, this study provides the English-speaking reader with a well-researched commentary that situates Musil's novel in the cultural, literary, and scientific context of the early 20th century. Revealing the novel's many philosophical underpinnings, the study analyzes the intersection of theoretical reflection and aesthetic imagination essential to Musil's programmatic move beyond realism. Thomas Sebastian explores Musil's background in experimental psychology, which he studied under the pioneering psychologist Carl Stumpf, and how it and other strains of scientific thought, including that of Ernst Mach, on whose philosophical ideas Musil wrote his doctoral thesis, are reflected in his great novel.

Thomas Sebastian is Associate Professor of German at Trinity University in San Antonio, Texas.

Understanding Robert Musil Allen Thiher, 2009. Deft analysis of the fiction, theater, and essays of the author of *The Man without Qualities*. In this critical introduction to the major works of Austrian modernist writer Robert Musil (1880-1942), Allen Thiher offers a deft analysis of Musil's short fiction, theater, and essays, and his major novel *The Man without Qualities*. Thiher maps Musil's development as a writer, illustrating how his work evolved in response to catastrophic historical events such as World War I, the collapse of the Austro-Hungarian Empire, and Hitler's seizure of power. From this historical context, Thiher traces how Musil began his career by writing a prescient first novel about ideological developments.

in German culture and at the same time a doctoral thesis on scientific epistemology Following his service in World War I Musil began to view writing as his vocation and during this early period in his literary career he produced short fiction plays and some of the most interesting essays on politics ethics and literature to be published during the Weimar era In exploring these writings as well as *The Man without Qualities* a work left unfinished upon Musil's death in exile during World War II Thiher's study plumbs the depths of Musil's ambition and accomplishments and presents a concise interpretation of the lasting significance of the writer's interrogations of the foundations of modern European culture
