Affiliated Identities in Jewish American Literature David Hadar, 2020-07-23 Focusing on relationships between Jewish American authors and Jewish authors elsewhere in America, Europe, and Israel, this book explores the phenomenon of authorial affiliation, the ways in which writers intentionally highlight and perform their connections with other writers. Starting with Philip Roth as an entry point and recurring example, David Hadar reveals a larger network of authors involved in formations of Jewish American literary identity, including among others Cynthia Ozick, Saul Bellow, Nicole Krauss, and Nathan Englander. He also shows how Israeli writers such as Sayed Kashua perform their own identities through connections to Jewish Americans. Whether by incorporating other writers into fictional work, as characters, interviewing them, publishing critical essays about them, or invoking them in paratext or publicity, writers use a variety of methods to forge public personas, craft their own identities as artists, and infuse their art with meaningful cultural associations. Hadar's analysis deepens our understanding of Jewish American and Israeli literature, positioning them in decentered relation with one another as well as with European writing. The result is a thought-provoking challenge to the concept of homeland that recasts each of these literary traditions as diasporic and questions the oft-assumed centrality of Hebrew and Yiddish to global Jewish literature. In the process, Hadar offers an approach to studying authorial identity building relevant beyond the field of Jewish literature

Interpreting Chekhov's Prose Leonard A. Polakiewicz, 2024-08-06 The essays collected in this book constitute a new contribution to our understanding of the originality and significance of Chekhov's prose. A close textual analysis of his work is provided, and especially of previously neglected works some long overdue for in-depth investigation that Chekhov himself rightfully considered to be masterpieces. Analysis of both these and other previously analyzed works

offers a new interpretation which contrasts with those offered by previous Chekhov scholars Works examined include those dealing with Chekhov s astonishingly accurate and artistic portrayal of a wide variety of illnesses without the use of any medical terms These works are shown to be not mere clinical studies but genuine impressive works of art The author who suffered half of his life from tuberculosis effectively portrayed many characters afflicted with this disease which was incurable at the time Many of these works reveal an indisputable symbiosis of the doctor and the artist Chekhov maintained that in Goethe the poet lived amicably side by side with the scientist a fitting description of him as well Doctors the most frequently portrayed characters in Chekhov s oeuvre are appropriately subjected to extensive analysis as are the themes of fate and death and dying that figure so prominently in Chekhov s work Attention is accorded to imaginative fictional works dealing with philosophy and the theme of crime and punishment as well as The Island of Sakhalin a narrative of non fictional sociological content
