Temple of the Gods Andy McDermott, 2012 Unstoppable duo Nina Wilde and Eddie Chase return in their eighth action packed adventure *The Midas Legacy (Wilde/Chase 12)* Andy McDermott, 2017-03-28 The lost city has defined Nina Wilde's life Her parents obsession with Atlantis cost them their lives but finding it brought Nina to her husband Eddie Chase and a series of archaeological treasures A decade later the International Heritage Agency needs their help to locate the Secret Codex an account of ancient Atlantean explorer Talonor's journeys thought to be located in the dangerous underwater ruins of Atlantis Unable to resist one more adventure the couple join the mission But when a long lost relative reappears in Nina's life asking her to use the Codex to find a hidden cave containing the secret of King Midas she is unprepared for the devastation that follows The promise of unlimited gold has aroused the greed of powerful and ruthless forces and only Nina and Eddie stand in their way Encountering Material Culture Through Archaeological Fiction Kerry Dodd, 2024-12-12 Investigating the representation of artefacts objects and things in a range of predominantly Western archaeological fiction from the late Victorian period to the modern day this book examines the narratives through which humanity represents its own material heritage in relation to notions of enchantment exhibition estrangement adventure tourism and waste Kerry Dodd asserts that comprehending the structures through which material culture is presented within archaeological media reveals the structures that transform an object from rubbish to relic Calling upon such indicative literature films TV series and video games as Tomb Raider Indiana Jones Uncharted and Relic Hunter this book explores the depiction of material culture through three principal areas relics exhibition and adventure Outlining a critical framework of artefact representation Dodd argues that such iconic moments as Howard Carter's remark that he saw wonderful things when he broke into the antechamber of Tutankhamun's tomb remain recognisable through the evocation of a spectacular visual despite little concrete definition of the objects witnessed This book offers a unique exploration of how such figures as Indiana Jones Lara Croft and Carter have cemented a cultural recognition of what an artefact constitutes as being dependent on how an object is encountered It is through the very wonder of things that Dodd breaks down the boundaries between popular and professional archaeology by pushing forward critical considerations of material culture **The Publishers Weekly**, 2009
