The Knight in the Panther's Skin Шота Руставели, 1968 *The Knight in the Panther's Skin* David Shemoqmedeli, 2016-12 12th century Georgian poet and thinker Shota Rustaveli author of the Georgian national epic poem The Knight in the Panthers Skin is considered by different literary critics and scholars throughout the world as one of the most significant poets in the history of medieval literature Literary academia abides with various interpretations and readings of The Knight in the Panthers Skin revealing the complex and unorthodox nature of Rustavelis epic poem which often brings Greek thought to the readers mind for instance the works of Homer Plato and Aristotle Some scholars argue that to a certain extent Rustaveli anticipates European Renaissance Georgia the homeland of Rustaveli being located on the crossroads of Europe and Asia has historically been the melting pot of Eastern and Western cultures On one hand The Knight in the Panthers Skin is replete with Eastern ornaments while on the other hand the poem is famous for its Western thought This year Georgia will celebrate 850th birthday of Shota Rustaveli and in this respect UNESCO has announced 2016 as Shota Rustaveli year The publishing of this book is an important part of the celebrations The book will be designated for scientific academia and literary experts as well as the wider audience of readers The aim of this book is to study the history of Rustvelologian thought development in the context of world literature as the name of Rustaveli and the importance of his poem transcend the borders of the fields of Georgianology At the same time the study of Rustaveli and its impact on 19th and 20th Georgian literature the investigation of which had been fragmentary up to date is of no less importance The topicality of the book lies in the fact that the poem of Shota Rustaveli and his ideals are eternal Rustavelis poem is important not only for scholars but for everybody who shares Rustavelis humanistic ideas and tries to bring up the new generation according to these principles This is evidence that The Knight in the Panthers Skin will always be of contemporary relevance As for scholarly research Rustaveli has always attracted attention The novelty of this book is found in the designation of stages in Rustvelology and representation of Rustvelologian thought in synchronic and diachronic aspects according to methodological principles the purpose of which is to evaluate the preceding researches and setting perspectives for future studies concerning Rustaveli *The Knight in the Panther's Skin* Shota Rustaveli, 1979 *The Knight in the Panther Skin* Shota [trasnlated by Lyn Coffin] RUSTAVELLI, 2023-05 **New Approaches to Medieval Armenian Language and Literature** Joseph Johannes Sicco Weitenberg, 1995 This book offers a reevaluation of the character of medieval 12 17th century Armenian literature and language It contains a number of contributions by leading Armenologists Cowe Russell Thomson and Stone and of a younger generation of scholars who attempt to confront the traditional approach of this period with the new insights gained in modern occidental medieval studies One may call these papers New because they study the literary highlights not only of Cilician Armenia of the Crusader period but of all Armenia and put these in a wider cultural context the authors emphasize both inner Armenian continuity and contemporary external Persian Turkish literary and linguistic
