Forster once described *The Longest Journey* as the book he is most glad to have written. An introspective novel of manners, at once comic and tragic, it tells of a sensitive and intelligent young man with an intense imagination and a certain amount of literary talent. He sets out full of hope to become a writer but gives up his aspirations for those of the conventional world, gradually sinking into a life of petty conformity and bitter disappointments. **The Longest Journey** E. M.

Forster, 2008-03-01 Edward Morgan Forster (1879-1970) was an English novelist, short story writer, and essayist. He is known best for his ironic and well-plotted novels examining class difference and hypocrisy in early 20th-century British society. His humanistic impulse toward understanding and sympathy may be aptly summed up in the epigraph to his 1910 novel *Howards End*: "He had five novels published in his lifetime. He achieved his greatest success with *A Passage to India* (1924). The novel takes as its subject the relationship between East and West seen through the lens of India in the later days of the British Raj. His views as a secular humanist are at the heart of his work, which often depicts the pursuit of personal connections in spite of the restrictions of contemporary society. He is noted for his use of symbolism as a technique in his

novels and he has been criticised for his attachment to mysticism His other works include *Where Angels Fear to Tread* 1905 *The Longest Journey* 1907 *A Room with a View* 1908 and *Maurice* 1971 *The Longest Journey Illustrated* E M Forster,2020-12-29 *The Longest Journey* is a bildungsroman by E M Forster first published in 1907 It is the second of Forster's six published novels following *Where Angels Fear to Tread* 1905 and preceding *A Room With A View* 1908 and *Howards End* 1910 It has a reputation for being the least known of Forster's novels 1 but was also the author's personal favourite and one of his most autobiographical 2 It is the only one of Forster's novels not to have received a film or television adaptation

Through attending to the nonhuman E M Forster s Material Humanism Queer Matters places Forster s fiction in conversation with contemporary debates concerned with the intersection of neomaterialism environmental humanities and queer ecology The book revisits Forster s liberal humanism from a materialist perspective by focusing on humans embodied activities in artificial and natural environments By examining the everyday embodied experiences of characters the book thus brings to the fore insignificant and sometimes overlooked aspects in Forster s fiction It also places importance on the texts treatment of queer intimacy as an embodied experience that can transcend sexual desire The book acknowledges nonhuman agency as central to our understanding of queerness in Forster s texts and studies the representation of formless matters such as dust as a way through which Forster s ecological concerns arise by linking the fate of oppressed humans with oppressed nonhuman others

s However the opinions vary as to the continuation of the interest in the writer and his works Some see him and his novels as old fashioned while others like Zadie Smith find Forster inspiring and the muddled protagonists of his books fascinating Is the interest in this writer to continue or is it doomed to gradual oblivion What is there in his life and his stories that can make new generations want to reach out for his works and writings To understand the place of the writer in the present world one must look back to the beginnings of Forster s career as well as to the times in which he lived commented on and created in This book discusses the presence and legacy of Forster in English literature and social history Its double title reflects the duality of its content with the book exploring Forster s own works as well as the position of Forster and his oeuvre and the values he stood for within British and world culture s The book offers therefore a variety of new interpretations of a selection of well known and culturally established works of the writer viewed against the findings of contemporary perspectives It demonstrates how Forster s novel short stories and non fictional writings interfuse affect and re shape the literary pieces of other writers *E.M.
