Canon Fanfiction Christine Schott, 2023-01-30 Several scholarly fields investigate the reuse of source texts: most relevantly, adaptation studies and fanfiction studies. The limitation of these two fields is that adaptation studies focuses narrowly on retelling, usually in the form of film adaptations, but is not as well equipped to treat other uses of source material like prequels, sequels, and spinoffs. On the other hand, fanfiction studies has the broad reach adaptation studies lacks but is generally interested in underground production rather than material that goes through the official publication process and thus enters the literary canon. This book sits in the gap between these fields, discussing published novels and their contribution to the scholarly engagement with their pre- and early modern source material, as well as applying that creative framework to the teaching of literature in the college classroom. *The Ancient Guide to Modern Life* Natalie Haynes, 2010-11-04 It's time for us to re-examine the past. Our lives are infinitely richer if we take the time to look at what the Greeks and Romans have given us in politics and law, religion and philosophy, and education, and to learn how people really lived in Athens, Rome, Sparta, and Alexandria. This is a book with a serious point to make, but the author isn't simply a classicist; she's a comedian and broadcaster who has made television and radio documentaries about humour, education, and Dorothy Parker. This is a book for us all. Whether political, cultural, or social, there are endless parallels between the ancient and modern worlds. Whether it's the murder of Caesar or the political assassination of Thatcher, the narrative arc of the hit HBO

The Rhetoric of the Roman Fake Irene Peirano,2012-08-16 Previous scholarship on classical pseudepigrapha has generally aimed at proving issues of attribution and dating of individual works with little or no attention paid to the texts as literary artefacts Instead this book looks at Latin fakes as sophisticated products of a literary culture in which collaborative practices of supplementation recasting and role play were the absolute cornerstones of rhetorical education and literary practice Texts such as the Catalepton the Consolatio ad Liviam and the Panegyricus Messallae thus illuminate the strategies whereby Imperial audiences received and interrogated canonical texts and are here explored as key moments in the Imperial reception of Augustan authors such as Virgil Ovid and Tibullus The study of the rhetoric of these creative supplements irreverently mingling truth and fiction reveals much not only about the neighbouring concepts of fiction authenticity and reality but also about the tacit assumptions by which the latter are employed in literary criticism

23 Shades of Black Kenneth Wishnia,2012-06-01 23 Shades of Black is socially conscious crime fiction It takes place in New York City in the early 1980s i e the Reagan years and was written partly in response to the reactionary discourse of the time when the current thirty year assault on the rights of working people began in earnest and the divide between rich and poor deepened with the blessing of the political and corporate elites But it is not a political tract it s a kick ass novel that was nominated for the Edgar and the Anthony Awards and made Booklist s Best First Mysteries of the Year The heroine Filomena Buscarsela is an immigrant who experienced tremendous poverty and injustice in her native Ecuador and who grew up determined to devote her life to helping others She tells us that she really should have been a priest but since that avenue was closed to her she chose to become a cop instead The problem is that as one of the first Latinas on the NYPD she is not just a woman in a man s world she is a woman of color in a white man s world And it s hell Filomena is mistreated and betrayed by her fellow officers which leads her to pursue a case independently in the hopes of being promoted to detective for the Rape Crisis Unit Along the way she is required to enforce unjust drug laws that she disagrees with and to betray her own community which ostracizes her as a result in an undercover operation to round up undocumented immigrants Several scenes are set in the East Village art and punk rock scene of the time and the murder
