The Da Vinci Code Josh McDowell, 2006 A journey of discovery I never knew all that I have to admit I m hooked That s pretty persuasive What does that tell you What difference does it make A quest fulfilled **The Da Vinci Code in the Academy** Bradley Bowers, 2009-03-26 As millions of readers worldwide react to Dan Brown s The Da Vinci Code so do many scholars The novel has become a proxy debate for two compelling scholarly and social issues of our time the feminist post feminist challenge to patriarchal authority and the textual construction of meaning and value Presenting the feminine as both dominant and sacred brings attention to every text which argues for dominance or divinity Traditional scholars are being challenged to defend their disciplines and practices to reassert the authority of their knowledge base Postmodern scholars are finding an opportunity to explain to the world at large how texts construct meaning and maintain power structures These essays examine resistance to the sacred feminine in religious cultural and literary histories Robert Davis explores the return of the goddess to academic and popular discussions Deanna Thompson examines the apocryphal evidence brought into the debate by the novel Rachel Wagner looks at the larger issue of postmodern textual authority and how Brown s novel has brought Biblical interpretation to popular awareness Arlette Poland reviews current feminist and academic thinking on textual versus spiritual authority regarding the feminine divine Other essays identify the elusive and misunderstood sacred feminine in religion and literature in church teachings and practices in the variant Grail stories in the mystery genre itself Together these essays place the reaction to these issues into broader social and contemporary contexts *The Da Vinci Code* Josh McDowell, 2006-03 **The Da Vinci Code Controversy** Michael J. Easley, John Ankerberg, 2006-05-01 Get the facts behind the sensational fiction Dan Brown s novel The DaVinci Code has stormed the bestseller charts and both the book and upcoming film claim to be based on truth a truth shocking enough to rock the foundations of Christianity What is the truth Could you defend your faith if challenged by those who believe Brown s fiction Use this brief practical book as a tool to begin conversations to explain your beliefs or to get the facts straight [Apologetics for the Twenty-First Century](#) Louis Markos, 2010-10-06 The vibrant and persuasive arguments of C S Lewis brought about a shift in the discipline of apologetics moving the conversation from the ivory tower to the public square The resulting strain of popular apologetics which weaves through Lewis into twentieth century writers like Francis Schaeffer and modern apologists like William Lane Craig Josh McDowell and Lee Strobel has equipped countless believers to defend their faith against its detractors Apologetics for the Twenty first Century uses Lewis s work as the starting point for an absorbing survey of the key apologists and major arguments that inform apologetics today Like apologists before him Markos writes to engage Christians of all denominations as well as seekers and skeptics His narrative man of letters style and short chapters make Apologetics for the Twenty first Century easily accessible for the general reader But an extensive and heavily annotated bibliography detailed timeline list of prominent apologists and glossary of common terms will satisfy the curiosity of the seasoned academic as the book prepares

all readers to meet the particular challenges of defending the faith today Christianity Online John F. Dillon, William J. McKeel, 2007 This study employs impression management as a template for understanding how major Christian religions online responded to public perceptions of The Da Vinci Code What were the characteristics of these messages How did they compare to Church reaction toward negative popular fiction of the past such as 1988s The Last Temptation of Christ 172 pp Christian *Did Jesus Really Rise from the Dead?* Thomas A. Miller, 2022-04-22 How can a respected scientist believe in the resurrection Can I trust the Bible's account that Jesus actually rose from the dead If the resurrection really occurred of what importance is it to you and me Our ready embrace of the authority of science has left many doubting that Jesus's resurrection was a verifiable historical event Yet Thomas Miller an experienced scientist and well respected surgeon challenges the notion that modern medicine has disproved the possibility of the resurrection Through careful investigation of the evidence and evaluation of its reliability Dr Miller demonstrates that science and religion are not incompatible and makes a compelling case for the reality of the resurrection Atheism on Trial Louis Markos, 2018-04-03 Answers You Need for the Tough Questions About Your Faith Atheists are launching a new wave of attacks against Christianity and faith in God It's hard to know how to handle their claims that they have a more enlightened scientific and sophisticated worldview How can you respond with precision to arguments against your faith With instructive clarity Dr Louis Markos confronts the modern day atheists claims that new evidence disproves the existence of God In fact you will find that the proof they peddle is not new at all Rather they recycle claims that have already been disproven by Christian thinkers of the past claims that you can silence today with the same solid logic Equip yourself to defend your beliefs from a deep well of knowledge and conviction Stand in confidence that the trial of public opinion versus universal truth has already been held and God is the victor *Is the Bible True . . . Really?* Josh McDowell, Dave Sterrett, 2010-12-17 With over 40 million books sold bestselling author Josh McDowell is no stranger to creatively presenting biblical truth Now partnering with fellow apologist Dave Sterrett Josh introduces a new series targeted at the intersection of story and truth The Coffee House Chronicles are short easily devoured novellas aimed at answering prevalent spiritual questions Each book in the series tackles a long contested question of the faith and then answer these questions with truth through relationships and dialogue in each story In *Is the Bible True Really A Dialogue on Skepticism Evidence and Truth* we meet Nick a college freshman at a state school in Texas Nick has his spiritual world turned upside down with what he hears in an introduction to religion class His questions turn into conversations as he dialogues with professors friends and family about the authenticity and authority of the Bible The other two books in the series *Who is Jesus Really* and *Did the Resurrection Happen Really* continue the unfolding story at the college campus and the coffee house down the road **The Twelve Pillars of Unbelief** Douglas Olsen, 2023-02-22 The Twelve Pillars of Unbelief Why the Arguments for Atheism Don't Work and Why the Ones for Christianity Do By Douglas Olsen About the Book This book summarizes the reasons atheism is logically faulty from a Christian perspective The author incorporates his own

examples insights and humor According to the author we are living in an increasingly secular society and there have been best selling books by the so called New Atheists which need to be put in their place with a fresh approach to the beliefs of Christianity This book is different from other books attacking atheism in the inclusion of a chapter on heaven and hell with a nontraditional but Biblical view of hell and a section on evolution Intelligent Design and creationism I hope the reader who is more likely to be Christian rather than atheist will be armed with arguments against atheism as well as thoughtful ideas about Christianity Maybe some agnostics or seekers will find truth in it

Reasons for Faith (Foreword by Lee Strobel) Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to answer questions that others may ask of them First Peter 3:15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society
