Dermis Probe Idries Shah,2016-04-08 A serious yet entertaining look at the impediments in current thought which prevent certain forms of understanding between people The title story was made into an award winning film with script by Idries Shah and chosen as an Outstanding Film of the Year The Dermis Probe comprises a collection of extracts from the written and oral tradition of Eastern thinkers In his preface Shah notes In this book you can find illustrated some of the peculiarities of thought in the country which is today s world seen by its inhabitants and by those who call themselves visitors

Idries Shah Anthology Idries Shah,2019-03-01 In his writing about Sufism Idries Shah did some revolutionary things Critically and almost alone he said that it was possible to divorce the essence of Sufi philosophy from what he insisted were secondary accretions of islamic culture and religion Moreover he said in making this material available to the West you could not only do this you must do it This is because he believed you can only absorb materials that are designed for your own time and place Sufism as an essence may be truth without form but in order to penetrate into the human mind it must be delivered in a package shaped to fit the receiving culture When something new enters a culture there is a period where like a new object being thrown into the chimpanzee pen at a zoo all the chimps rush over to touch it throw it on the floor fight over it and so on he once told me We must wait until the dust settles only then will people be in a position to assess this material My father died in 1996 and the dust is settling fast He leaves a body of work behind and on this work alone he believed he should and would be judged This anthology is intended to provide a basic sample of his work an essential reader to allow people to do exactly what he would have wished them to do to think for themselves and to make up their own minds From the Editor s Note by Saira Shah *Idries Shah Documentation* ,1977 Special Illumination Idries Shah,1977 These lines by the great teacher and mystic Jalaludin Rumi indicate the many faceted role of humor in Sufi teaching Shah writes As a shock applier and tension releaser and an indicator of false situations humour certainly to the Sufi in traditional usage is one of the most effective instruments and diagnostic aids Not only are the 60 jokes contained in this volume representative of the type of material used in Sufi development but their selection arrangement and presentation comprise an actual learning experience for the modern reader Shah weaves contemporary jokes humorous anecdotes and stories with skillful commentary The result is an a entertaining journey which mixes laughter introspection and surprise **The Elephant in the Dark** Idries

Shah,1974 As our world continues to shrink we are being brought headlong into often explosive contact with other cultures and religions Islam continues to be for many a mysterious and misunderstood force alien to our own cultural values Yet in more ways than expected Christianity and Islam share common ground For centuries Sufi thinkers have been linked to both religions in certain important ideas But like the elephant in the dark in Jalaludin Rumi s classic fable these ideas are not grasped in full by seizing parts of the whole and arguing for or against their supposed Christian or Islamic derivation From a

series of lectures given by Idries Shah at Geneva University The Elephant in the Dark shifts focus to more fruitful ground tracing documented episodes of cooperation and understanding between Christians and Moslems over the past 1 400 years

The Magic Monastery Idries Shah,1991 **Images from the Mirror of Reality** Nigel Hyatt,2017-03 Humankind is the product of millions of years of evolution The question is has human evolution reached a peak or can we develop even further Many signposts indicate that the answer is yes we can go further While the bulk of human evolution has been a blind unconscious process rather than sit back and allow nature to take its course it is time to take matters into our own hands and usher in the next stage of human progress Thousands of individuals have attained this conscious evolution of the selfenlightenment over the centuries Defying the conventional wisdom of scientists and those who hold to conventional forms of religion these individuals have followed well trodden paths toward illumination proving that neither life nor nature can be bound by any scientific theory or religious dogma This book is oriented toward those who count themselves among the free thinkers of the world those who are willing to explore the reality of the unknown rather than deny the existence of regions of the mind body and spirit simply because they do not conform to preconceived ideas This does not mean that our essence our basic identity has to be replaced or destroyed Rather it implies re examining ourselves so that we are able to conceive of a universe that is infinitely more complex and varied than we have imagined To this end the book employs both poetry and discourses to awaken the dormant higher self FURTHER EVOLUTION IS POSSIBLE PROVIDED WE ARE WILLING TO EMBARK ON THE QUEST FOR truth The Flawless Consulting Fieldbook and Companion Peter Block,Andrea

K. Irwin** Michèle Rackham Hall,2016-11-29

At an early age P K Page Irwin displayed an aptitude for illustration and even her juvenalia indicated a sharp painterly eye But it wasn t until she visited Brazil in the 1950s as wife of the Canadian ambassador that she began to hone her artistic practice Under her married name P K Irwin she produced a wide array of paintings drawings and other artworks experimenting with media and styles as she sought to develop her own visual aesthetic and to reconcile her celebrated poetic identity with her more private painterly one In The Art of P K Irwin Mich le Rackham Hall investigates the artist s creative

development and examines the exotic locales and the wealth of accomplished peers who helped shape Irwin's artistic output. With rich biographical detail and extensive reference to Irwin's lyrical life writing *The Art of P. K. Irwin* takes readers along on the artist's journey toward her own aesthetic one in which place was her most potent muse and exile her most fertile state.

Seeker After Truth Idries Shah, 1992 ***The Power of Persuasion*** Robert Levine, 2003-02-21 Robert Levine offers readers an insight into the mindsets of those who prod, praise, debase and manipulate others to do things they never thought they'd do from the point of view of those prodded, praised and manipulated. He takes a hands-on approach to looking behind the curtain of shilling and pitch by showing pitchmen at work. ***The Perils of Pedagogy*** John Greyson, 2013 The first book to examine the works of controversial film and video maker, queer activist and agent provocateur John Greyson. ***Empire's Son, Empire's Orphan*** Nile Green, 2024-07-02 A rollicking story of two literary fabulists who revealed the West's obsession with a fabricated exotic East. In the highbrow literary circles of the mid twentieth century a father and son spread seductive accounts of a mystical Middle East. Claiming to come from Afghanistan, Iqbal and Idries Shah parlayed their assumed identities into careers full of drama and celebrity, writing dozens of books that influenced the political and cultural elite. Pitching themselves as the authentic voice of the Muslim world, they penned picaresque travelogues and exotic potboilers alongside weighty tomes on Islam and politics. Above all, father and son told Western readers what they wanted to hear: audacious yarns of eastern adventure and harmless Sufi mystics' myths that, as the century wore on and the Taliban seized power, became increasingly detached from reality. *Empire's Son*, *Empire's Orphan* follows the Shahs from their origins in colonial India to literary London, wartime Oxford and counterculture California via the Levant, the League of Nations and Latin America. Nile Green unravels the conspiracies and pseudonyms, fantastical pasts and self-aggrandizing anecdotes, high stakes and bold schemes that for nearly a century painted the defining portrait of Afghanistan. Iqbal and Idries convinced poets, spies, orientalists, diplomats, occultists, hippies and even a prime minister that they held the key to understanding the Islamic world. From George Orwell directing Muslim propaganda to Robert Graves translating a fake manuscript of Omar Khayyam and Doris Lessing supporting jihad, Green tells the fascinating tale of how the book world was beguiled by the dream of an Afghan Shangri-La that never existed. Gambling with the currency of cultural authenticity, Iqbal and Idries became master players of the great game of empire and its aftermath. Part detective story, part intellectual folly, *Empire's Son*, *Empire's Orphan* reveals the divergence between representation and reality between what we want to believe and the more complex truth. ***The Pleasantries of the Incredible Mulla Nasrudin*** Idries Shah, 1983 Here Nasrudin's anecdotes are seen to be parallel to the mind's working, designed to amuse the tea house but also intended for use on other levels. ***Le soufisme*** Charles Antoni, 1997 ***Catalog of Copyright Entries. Third Series*** Library of Congress. Copyright Office, 1973 ***Essence With the Elixir of Enlightenment*** A. H. Almaas, 1998-03-01 Enlightenment is not what many think it is nor is the path to attain it. A. H. Almaas presents myth-shattering aspects of reality that allow true seekers to pass through to a spiritual

reality
