The Guinness Book Of Names By Leslie Dunkling:

The Guinness Book of Names Leslie Dunkling,1989 Explains the meaning and origins of first names and surnames as well as nicknames place names street names pub names flower names trade names and house names **A Dictionary of Epithets and Terms of Address** Leslie Dunkling,2008-02-20 This book will give learners of English the confidence to address people appropriately in a wide variety of situations It will also help them to understand what is implied when an English speaker uses a particular way of addressing someone These topics are entirely neglected in most courses and textbooks and there is no other reference work on the subject Anyone who is fascinated by words will also find much here of interest A wealth of historical sociological and etymological information is set out in a highly readable style Some 2 000 entries arranged in alphabetical order shed new light on familiar terms of address and present many curiosities The author gives examples from a wide range of literature particularly twentieth century novels and provides an illuminating commentary on them **The Guinness Book of Structures** John Hall Stephens,1976 The Means Of Naming Stephen Wilson,2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company **CULTURE OF NAMES IN AFRICA** Emma Umana Clasberry,2012-01-12 INTRODUCTION Personal name is a vital aspect of cultural identity As a child you may have loved or hated your name But you were rarely indifferent to it What s in a name Shakespeare asked That which we call a rose by any other name would smell as sweet he explained Perhaps in England or somewhere else in Europe but not in Africa Personal names in African have meanings can affect personality hinder or enhance life initiatives They serve to establish a connection between name and cultural background and thus provide some information about cultural affinity and more such as express one s spirituality philosophy of life political or socio economic status as defined by a given ethnic cleavage African names tell stories convert abstract ideas to stories and tell story of the story about different aspects of one s life They commemorate any unusual circumstance the family or community once experienced or world event that took place around the time of a child s birth Outside a given cultural environment names boost and nurture cultural pride and identity showcase a people s appreciation of their culture and their readiness to defend and live their culture with pride and dignity Naming practices that tell histories behind the names were the norms in Nigeria Ibibio and in fact in Africa until the encroachment of two historical forces in Africans affairs Christianization and colonization more than any other forces in history shattered the connection between personal name and cultural affinity and have ever since contributed to the gradual erosion of African culture of names On the continent the combined efforts of their human agents the missionaries and British colonial personnel directly and indirectly through their policies and practices caused African Nigerians to give up their culture relevant names in favor of foreign ones Apart from direct erosion of culture of names colonial administration a term I use mostly to refer to the combined efforts of the missionaries and British colonial personnel in Nigeria abrogated many religious socio economic and political traditions which were intimately intertwined with

the people's naming practices. Their attempt to replace African traditions with European ones through coercing Africans to accept Western values and beliefs consequently disabled many desirable African traditional structures including authentic African naming practices and caused some to fall into disuse. A third force was early European African trade. Although the impact of the presence of European merchants in Nigeria was minimal in this regard, some of their activities have also left a dent on African naming practices by introducing foreign bodies into the people's names database. Even though these alien forces invaded and injected foreign values into Africa over a century ago, their impact on naming practices continues to be felt by Africans. European intrusion in relation to African naming practices did not end on the continent. The Trans Atlantic Trade on human cargo was another major historical event that did not only forcefully disconnect many Africans from their cultural root and natural habitat but also mutilated authentic African naming practices among them. Consequently, Africans in Diaspora had European names imposed upon them by their slave masters. Today many Africans on the continent and in Diaspora continue to carry names which are foreign names whose meanings they do not know; names the bearers can not even pronounce correctly in some ethnic contexts and names which have no relevance to nor any form of link with the bearers' cultural background. In effect, culture of names as many other African customary practices has lost its savor. Some peoples of African descent still cherish these colonized names. Some do not and are making practical efforts to reclaim authentic African culture.

Legat's Writing Guide: Plotting The Novel Michael Legat, 2011-06-20. Written by Michael Legat who enjoyed a successful career as publisher, novelist and tutor/lecturer in Creative Writing. These Guides contain both basic information and thought provoking commentary on the steps needed to succeed as a writer.

The Guinness Book of Answers Norris McWhirter, Moira F. Stowe, 1980

Simply the Best Baby Name Book Stuart Wilson, 2015-11-05

Choosing your baby's name is one of the most important decisions a parent has to make. Here Stuart Wilson, author of the *Pan Book of Babies Names*, covers traditional names more thoroughly and new names more adventurously than anything else currently on the market. Unique features include an 18 page section on Gender Neutral names, a description of performance since 1900 for each major name, hundreds of attractive new names, more complete coverage of foreign language variants than any other book, full section on the newly popular Celtic Native American names etc. Each name is given a full explanation and possible variations; on the spelling of the name are suggested. There's also advice on avoiding mistakes.

Writing a Children's Book Pamela Cleaver, 2004. This guide covers the writing of picture books, plots and planning teenage fiction and non-fiction books. The author also deals with the business side of publishing including market research and finding a publisher.

Translocal Childhoods and Family Mobility in East and North Europe Laura Assmuth, Marina Hakkarainen, Aija Lulle, Pihla Maria Siim, 2018-07-20. This collection explores mobile childhoods from Latvia and Estonia to Finland, from Latvia to the United Kingdom, from Russia to Finland, and cyclical mobility by the Roma between Romania and Finland. The chapters examine how east to north European family mobility brings out different kinds of multilocal childhoods.

The children experience unequal starting points and further twists throughout their childhood and within their family lives Through the innovative use of ethnographic and participatory methods the contributors demonstrate how diverse migrant children s everyday lives are and how children themselves as well as their translocal families actively pursue better lives The topics include naming and food practices travel schooling summer holidays economic and other inequalities and the importance of age in understanding children s lives Translocal Childhoods and Family Mobility in East and North Europe will be of interest to students and scholars across a range of disciplines including sociology anthropology and human geography

Actes du XVIe Congrès international des sciences onomastiques Jean-Claude Boulanger,1990 *The Guinness Book of Music Facts and Feats* Robert Dearling,Celia Dearling,Brian Rust,1976 This is a book for those interested in the most entertaining aspects of the ever fascinating subject of music The more unusual features of this enormous field are spiced up by the less well known facts of music and the people who make it This is thus both a book for the general reader as well as the specialist for some subjects are discussed here for the first time outside of the sober covers of musicological publications The contents of this book will provide entertaining matter for the concert goer and the record collector facts for the seeker after musical curiosities and much material for musical quizzes

Names and Naming in Young Adult Literature Alleen Pace Nilsen,Don L. F. Nilsen,2007-07-05 This book shows how authors of young adult literature use the creation of names for people places events inventions animals and imaginary concepts as one of their most important literary techniques Chapters address how authors use names to stretch readers emotions to reveal ethnic values and differences to create other worlds and to establish tone Other chapters focus on how authors use names to help readers remember who is who such as J K Rowling in the Harry Potter books or to communicate separate messages to adults and to young readers as exemplified by Richard Handler in the Lemony Snicket books Names and Naming in Young Adult Literature equips readers with the interest and the skill to make similar observations about names and naming when they read other books Looking at the names an author has chosen to use is a wonderful first step in introducing readers to the concept of literary criticism as something to help readers get more pleasure and information from their reading Public and school librarians college instructors of young adult literature teachers of creative writing high school English teachers and anyone else who is interested in young adult literature will find this book extremely interesting

Writing For Children, 4th Edition Pamela Cleaver,2010-01-29 This new edition combines Pamela Cleaver s bestselling Writing a Children s Book with her Ideas for Children s Writers In it you will learn about plotting and planning beginnings middles and endings how to research and how to revise and how to find a publisher There are Lists of attributes to help you create interesting and believable characters Lists of plots and themes Genres what s hot and what s not Locations and how much description to use List of do s and don ts regarding submitting manuscripts Symbols for correcting your proofs Tips on how to publicise your book There is no one right way to write a children s book but if you are armed with a knowledge of certain techniques that have worked for other writers you will be
