**The Stone-Campbell Movement** Leroy Garrett, 2002      **Restoration and Philosophy** J. Caleb Clanton, 2024-01-12 A product of the Second Great Awakening of the nineteenth century the Stone Campbell Restoration Movement gave rise to such denominations as the Church of Christ a cappella the Christian Church Disciples of Christ and the independent Christian Churches Churches of Christ While scholars have examined many of the historical ecclesial socio cultural and biographical dimensions of this indigenously American religious tradition few have singled it out for philosophical exploration and critique In *Restoration and Philosophy* editor J Caleb Clanton and a team of philosophers engage with the Stone Campbell Restoration tradition to address issues related to epistemology philosophy of science philosophy of religion moral philosophy aesthetics environmentalism and race Along the way the authors help to contextualize the Stone Campbell Restoration tradition within American religious history and within Christian philosophy more generally and they show its continuing relevance today Scholars and students of philosophy and religious studies as well as ministers and those interested in this uniquely American Christian tradition will benefit from this carefully edited thoroughly researched and highly readable collection of essays by eminent philosophers and religious scholars      *Alexander Campbell: a Collection* Bradley Cobb, Alexander Campbell, Thomas Chalmers, Archibald McLean, 2013-07-16 Alexander Campbell Among those who fought to restore New Testament Christianity in the 1800s there is perhaps no one more influential He was an able writer preacher and debater But he was also a polarizing figure a hero to some and a heteric to others The works in this book cover all these aspects of Alexander Campbell's life Be enthralled by the account of the uninformed hostility that led to his arrest Come to a better understanding of what made him such an effective speaker Feel the power of his pen as he completely exposes the Book of Mormon for the fraud that it is Learn at his feet as he logically deduces the nature and origin of demons Alexander Campbell's Tour in Scotland Alexander Campbell as a Preacher Delusions An Analysis of the Book of Mormon Demonology      **Preaching the Manifold Grace of God, Volume 1** Ronald J. Allen, 2022-06-08 Preaching the Manifold Grace of God is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged and describes the purposes and characteristics of preaching from that perspective      **Restoring the First-century Church in the Twenty-first Century** Warren Lewis, Hans Rollmann, 2005-10-15 Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after

the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor *Studies in the History and Culture of World Christianities* **The Book of Acts According to Alexander Campbell** Lee Snyder,2002 *The Stone-Campbell Movement* D. Newell Williams,Douglas Allen Foster,Paul M. Blowers,2013-03-30 *The Stone Campbell Movement A Global History* tells the story of Christians from around the globe and across time who have sought to witness faithfully to the gospel of reconciliation Transcending theological differences by drawing from all the major streams of the movement this foundational book documents the movement s humble beginnings on the American frontier and growth into international churches of the twenty first century *The Disciples: A Struggle for Reformation (Paperback)* D. Duane Cummins,2009 *The Variety of American Evangelicalism* Donald W. Dayton,2002-05 Those labeled as evangelicals commonly are assumed to constitute a large and fairly homogeneous segment of American Protestantism This volume suggests that in fact evangelicalism is better understood as a set of distinct subtraditions each with its own history organizations and priorities

The differences among groups are so important that the question arises Is the term evangelical useful at all This book attempts to enter as sympathetically as possible into the self understandings of movements usually grouped under the evangelical umbrella For each of twelve major traditions a leading scholarly interpreter first articulates the group s theological orientation and then explores the relationship between that movement and broader evangelical issues and organizations Contributors develop remarkably useful and diverse conceptual strategies for charting the complex evangelical landscape In crisp summary chapters the editors draw differing conclusions from the many perspectives offered Donald Dayton wants to abandon the category evangelical altogether Robert Johnston sees the varied traditions as an extended family whose members embody common characteristics to greater or lesser degrees [The Disciples—Second Edition](#) D. Duane Cummins,2023-07-14 This new second edition refined updated and revised contains the story of those 15 years along with revisions in how a humble gathering evolved over two centuries into the Christian Church Disciples of Christ a modern denomination of international stature The Disciples A Struggle for Reformation Revised Edition discusses how Disciples progressed from congregationalism to Covenant how they survived the tumult of Civil War how they developed a ministry of missions on a global scale and how they met the brutal challenge of 21st century COVID **The Encyclopedia of the Stone-Campbell Movement** Douglas A. Foster,2004 Over ten years in the making The Encyclopedia of the Stone Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex vibrant global communion Written by more than 300 contributors this major reference work contains over 700 original articles covering all of the significant individuals events places and theological tenets that have shaped the Movement Much more than simply a historical dictionary this volume also constitutes an interpretive work reflecting historical consensus among Stone Campbell scholars even as it attempts to present a fair representative picture of the rich heritage that is the Stone Campbell Movement

BOOK JACKET **Understanding the Book of Mormon** Ross Anderson,2009-08-30 Mormons or members of the Church of Jesus Christ of Latter day Saints form a growing population in both numbers and influence Yet few people have more than a passing knowledge of the document that defines and drives this important movement the Book of Mormon A former Mormon and an adult convert to Christianity author Ross Anderson provides a clear summary of the Book of Mormon including its history teachings and unique features Stories from the author and other ex Mormons illustrate the use of Mormon scripture in the Latter day Saint church Anderson gives special attention to how the Book of Mormon relates to Christian beliefs about God Jesus and the Bible With discussion questions to facilitate group use and a focus on providing an accurate portrayal of Mormons beliefs Understanding the Book of Mormon is an indispensable guide for anyone wishing to become more familiar with the Church of Jesus Christ of Latter day Saints and its most formative scripture *A History of the Christian Church* Lars P. Qualben,2008-09-01 *Free Churches and the Body of Christ* Jeffrey W. Cary,2012-11-05 Those within the free church tradition have often appealed to the notion of the invisible church to account for the unity of the

Body of Christ A growing number of free church theologians however are giving increased attention to the importance of visible ecclesial unity which immediately raises the perennial problem of the authorities by which unity is maintained There is also a growing recognition among free church theologians of the need to recognize the authority of tradition in tandem with the authority of Scripture In this book Cary affirms these recent developments but then inquires whether a turn toward visible unity together with an embrace of the authority of tradition can eventually be coherent without also embracing the authority of an extra congregational teaching office To guide his study Cary engages the work of two theologians from outside the free church tradition Robert Jenson and Rowan Williams He then brings them into contact with the prominent free church theologian James McClendon in order to supplement some of the deficiencies Cary perceives in McClendon s groundbreaking work Once these deficiencies are addressed however the question intensifies whether the free church tradition as such can remain a coherent ecclesial option over time Missouri Memories, 1934-1947 Thomas H.

Olbricht,2016-07-22 Thomas H Olbricht relishes his Missouri upbringing In this book he narrates the details of his many experiences in the 1930s and 40s The author was interested in multiple aspects of Ozark terrain social life and culture and often situates them in their historical setting He writes with multifaceted concreteness regarding the influence of his mother father and his extended family which included persons of Irish Scottish and German heritages He not only helped with his grandfather s gas station grocery but also his uncle s farming operations Because of his commitment and education he has given special attention to religious activities in the Churches of Christ in the Ozarks He ends by elaborating upon in the region of his youth what it was like to live through World War II and the peace that followed **Quest for a Christian**

**America, 1800-1865** David Edwin Harrell,2003-09-29 The definitive social history of the Disciples of Christ in the 19th century The Disciples of Christ led by reformers such as Alexander Campbell and Barton W Stone was one of a number of early 19th century primitivist religious movements seeking to restore the ancient order of things The Disciples movement was little more than a loose collection of independent congregations until the middle of the 19th century but by 1900 three clear groupings of churches had appeared Today more than 5 million Americans members of the modern day Disciples of Christ Christian Church Independent Christian Churches and Churches of Christ among others trace their religious heritage to this Restoration Movement **The Spirituality of Jesus** Leslie T. Hardin, Jesus spiritual practices examined for today s believers to follow Why Tongues? The Initial Evidence Doctrine in North American Pentecostal Churches Kenneth

Richard Walters,2019-08-26 The modern Pentecostal movement has been studied many times in relation to its theological and sociological background Previous studies however have not focused on the distinctive doctrine of that movement the teaching that speaking in tongues is the initial physical evidence of the Baptism in the Holy Spirit Given that Pentecostals believe that this is a work of grace such a doctrine seems unlikely to arise as physical evidence is seldom required or looked for in the life of a believer in relation to any other area of grace This prompts the question of why such evidence was even

being looked for And yet within a very short time of its proposal acceptance of this doctrine was so widespread as to become the hallmark of the movement Insistence on such a doctrine led to many being asked to leave their denominations and thus to the founding of other denominations This book attempts to answer the question Why And specifically Why Tongues     **A Christian Student's Survival Guide** Ph D Dr Robert a Morey,2010-07     *Hard-Fighting Soldiers* Edward J. Robinson,2024-01-12 In the first full length scholarly synthesis of the African American Churches of Christ Edward J Robinson provides a comprehensive look at the church s improbable development against a backdrop of African American oppression The journey begins with a lesser known preacher F F Carson in many ways a forerunner in the struggles and triumphs awaiting the preachers and lay people in the congregations to come Robinson then builds on scholarship treating well known figures including Marshall Keeble and G P Bowser to present a wide ranging history of African American Churches of Christ from their beginnings when enslaved people embraced the nascent Stone Campbell Christian Movement even though founder Alexander Campbell himself favored slavery The author moves on to examine how the churches grew under the leadership of S R Cassius even as Jim Crow restrictions put extreme pressure on organizations of any kind among African Americans Robinson s well researched narrative treats not only the black male leaders of the church but also women leaders such as Annie C Tuggle as well as notable activities of the church including music education and global evangelism thus painting a complete picture of African American Churches of Christ Through scholarship and compelling storytelling Robinson tells the two hundred year tale of how black believers survived and thrived on the discarded scraps of America forging their own identity fashioning their own lofty ecclesiology and hard theology and creating their own papers lectureships liturgy and congregations A groundbreaking exploration by a seasoned scholar in American religion *Hard Fighting Soldiers* is sure to become the standard text for anyone researching the African American Churches of Christ
