The Future of Liberal Education Timothy Burns, Peter Lawler, 2016-04-14 Liberal Education once the whole of American Higher Education has been displaced by technical training and career oriented majors But it has also suffered from the decline in genuine liberal learning found in humanities disciplines owing to specialization politicization and the adoption of new literary and psychological theories The social sciences too have arguably abandoned the kind of relentless and sometimes disturbing questioning that used to constitute the core of education In this compelling volume thirteen college educators describe in sparkling prose what liberal education is its place in a liberal democracy the very serious challenges it faces in the 21st century even from some of its alleged friends and why it is important to sustain and expand liberal education s place in American colleges and universities Proponents and critics of liberal education alike will benefit from these insightful essays This book was originally published as a special issue of Perspectives on Political Science Monthly Catalog of United States Government Publications ,1987 Monthly Catalogue, United States Public Documents ,1987 The Budget of the United States Government United States,1934 *Poverty and Entrepreneurship in Developed Economies* Michael H. Morris, Susana C. Santos, Xavier Neumeyer, 2018-11-30 While extensively explored as a solution to poverty at the base of the pyramid this is the first in depth examination of entrepreneurship and the poor within advanced economies The authors explore the underlying nature of poverty and draw implications for new venture creation Entrepreneurship is presented as a source of empowerment that represents an alternative pathway out of poverty *Organizational Behavior* Mitchell J. Neubert, Bruno Dyck, 2021-04-13 *Organizational Behavior For a Better Tomorrow* 2nd Edition is a unique blended approach to the subject combining traditional core competencies with contemporary research and innovative practices The textbook s distinctive dual presentation integrates conventional and sustainable organizational behavior OB to help students understand how creativity

collaboration and ethical decision making can positively impact people organizations and entire communities This fully updated second edition provides a balanced real world approach that strengthens critical thinking skills enables students to explore the rationale for sustainable OB practices and illustrates and how values and ethics influence business decisions in the real world Rather than focusing only on the short term bottom line approach of traditional OB the text discusses a comprehensive range of topics from current trends in popular media and scholarly literature to addressing the current and long term needs and goals of organizational stakeholders
