How to Become a Sweet Old Lady Instead of a Grumpy Old Grouch Marilyn Carlson Webber, William D. Webber, 1996
With practicality and humor these anecdotes show how choices we make in our 30s and 40s determine who we will become as we grow older and how making right choices helps us develop positive traits including courage to face change growth in grace and contentment *Tea with the Angel Lady* Marilyn Carlson Webber, 2002 *Still Growing* Donald Capps, 2015-03-26 The later adult years are commonly viewed as a period in which one struggles to maintain a vestige of the physical mental and emotional vitality of one's earlier years In *Still Growing* however Donald Capps shows that older adulthood is actually a period of growth and development and that a central feature of this growth and development is the remarkable creativity of older adults This creativity is the consequence of the wisdom gained through years of experience but is also due to a newly developed capacity to adapt to unprecedented challenges integral to the aging process In Part 1 Capps illustrates the challenges of transitioning to older adulthood from the author's own experiences while in Part 2 he draws on material from Erik H Erikson Sigmund Freud and Paul W Pruyser to account for longevity adaptability and creativity in older adults Finally in part 3 he focusses on the work of both William James and Walt Disney to fashion a model of creative aging
