Understanding Self-help/mutual Aid Thomasina Borkman,1999 Self help groups have encountered fierce criticism as places where individuals join to share personal problems and to engage in therapeutic intervention without the aid of skilled professionals These groups have flourished since the 1970s and continue to serve more people than professional therapy Yet these groups have been criticized as fostering a culture of whiners and victims and not using professional help as needed Thomasina Jo Borkman debunks this commonly held assessment and also examines the reasons for these groups enduring popularity since the 1960s more people attend these meetings word than see professional therapists What accounts for their success and popularity Understanding Self Help Mutual Aid Groups is the first book to describe three stages of individual and group evolution that is part of this organization s very structure it also reconceptualizes participants interactions with professionals The group as a whole Borkman posits draws on the life experiences of its membes to foster nurturing support and transformation through a circle of sharing Groups create more positive and less stigmatizing meaning perspectives of the members problems than is available from professionals or lay folk culture

The Factory Owner & the Convict Glenn C.,2005-03 William E Correll Life Treatment Center This book describes the way alcoholics actually think better than anything I have ever read The world of the good old timers of the early Alcoholics Anonymous movement comes alive in this book It tells the interlocking stories of seven people from diverse backgrounds men women black white wealthy poor who lived and taught the A A program with such clarity and spiritual depth that people came from miles away to sit at their feet and be taught by them This account was originally written for the local intergroups to tell how A A began during the 1940 s and 50 s in the cities and towns along the St Joseph river as it wound its way through Indiana and Michigan to empty into the Great Lakes But then all across the country people struggling with alcoholism and addiction began asking for copies and psychotherapists and counselors too It spoke to the heart they said It made the twelve step program come alive and showed

how it really worked And above all they reported they had found that the words of these men and women were filled with a kind of spiritual wisdom and deep compassion which had the power to heal the soul So this new edition of The Factory Owner the Convict has now been prepared with the last half now printed as a separate volume entitled The St Louis Gambler the Railroad Man **Spirituality and Chemical Dependency** Robert J Kus, 2014-01-02 Spirituality and Chemical Dependency shares current thinking on how spirituality is used in recovery from alcoholism and other forms of chemical dependency The 12 Step programs have been the most successful form of treatment thus far you will find the insight in this book to be revealing as to why Each of the contributors has devoted a significant part of his or her life to help those suffering from chemical addiction In each chapter the author gives ideas on specific aspects of spirituality in the 12 Step context and answers the ever important question So what to provide guidelines for healthy spirituality in the addicted person

Revelatory Events Ann Taves, 2016-11-08 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences Apparitions Hearing voices Although some people would find such experiences to be distressing and seek clinical help others perceive them as transformative Occasionally these unusual phenomena give rise to new spiritual paths or religious movements Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief the claim that otherworldly powers are active in human affairs Ann Taves looks at Mormonism Alcoholics Anonymous and A Course in Miracles three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path In the 1820s Joseph Smith Jr reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934 Helen Schucman scribed the words of an inner voice that she attributed to Jesus which formed the basis of her 1976 best selling self study course In each case Taves argues the sense of a guiding presence emerged through a complex creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own A major work of scholarship this compelling and accessible book traces the very human processes behind such events
