

RTC-8050XP II J6K8-5700

SERVICE MANUAL

CRANE SERIAL NUMBER

The crane serial number is on the Crane Rating Manual or Capacity Plate which is located inside the operator's cab. The serial number should always be furnished when ordering parts for the crane or when corresponding with the Distributor or Factory concerning the crane. Providing the serial number is the only way of ensuring the correct parts and/or information can be furnished.

In the event the serial number is not readable, a number is stamped on the upper revolving frame which can be used to help to identify the crane. On cable cranes this number is on the right hand boom foot mounting lug. On hydraulic cranes the number is stamped just below the boom hoist cylinder mounting lugs.
