The Science of Sacred Scripture Shema,2012-10-22 Our creator finally provides the actual details of his design in the long sort after Theory of Everything Now our eyes finally open to fully understand the world which we have studied The tribes and so called races of man have all been given pieces of this massive puzzle When put together it weaves a tapestry of one beautiful story The bible provides the structure the Africans provide a first person account Native Americans hold vital elements the Aztecs tell us the thoughts of God and his expectations for his designs Asian theology focuses on living today and Christianity takes us to a new tomorrow But no story could be complete without the details the process used the illusive How for this we thank the final seers of science The bible tells us that to achieve the design of man God cursed man to become weaker naked to have pain during labor and the entire event is triggered in the process of eating

Geneticist confirm that the genetic mutations which transformed man are weaker muscles a narrower pelvic cavity a significant loss of body hair and a redesign in the jaw muscles which allows the brain to grow much larger than other primates From this we discover that what science refers to as a genetic mutation is considered a biblical curse And from this every curse from those relating to incest and over eating are connected to mutations From the weaving of the universe to the wiring of the brain every question you ve ever asked about life and death and who we are is finally answered God is not dead he is life
