It had always been Miranda's priority to avoid the CEO of her company, Royston Carmichael, at all costs. He might be sexy, rich, and powerful, but he was also intimidating, arrogant, and unreasonably demanding. Which is why she was unhappy at being caught submitting a monthly financial report at 12:15 when it was due no later than 12pm. When Royston finds her in his office submitting a report after the deadline, he questions her and is impressed with her financial knowledge, not to mention her long legs and enchanting eyes. He quickly decides she's just right for the role of fake fiancé. She's beautiful, smart, can think on her feet, and she has a spark that captures his attention in all the right ways. Will she accept his real proposal to be his faux bride to be, and will their act become more than that? *Hearings* United States.

**History of Russian Literary Theory and Criticism** Evgeny Dobrenko, Galin Tihanov, 2011-11-27 This edited volume assembles the work of leading international scholars in a comprehensive history of Russian literary theory and criticism from 1917 to the post-Soviet age. By examining the dynamics of literary criticism and theory in three arenas: political, intellectual, and institutional, the authors capture the progression and structure of Russian literary criticism and its changing function and discourse. The chapters follow early movements such as formalism, the Bakhtin Circle, Proletkult, futurism, the fellow travelers, and the Russian Association of Proletarian Writers. By the cultural revolution of 1928, literary criticism became a mechanism of Soviet policies synchronous with official ideology. The chapters follow theory and criticism into the 1930s with examinations of the Union of Soviet Writers, semantic paleontology, and socialist realism under Stalin. A more humanized literary criticism appeared during the ravaging years of World War II, only to be supplanted by a return to the party line. Soviet heroism and anti-Semitism in the late Stalinist period. During Khrushchev's Thaw, there was a remarkable rise in liberal literature and criticism that was later refuted in the nationalist movement of the long 1970s. The same decade saw, on the other hand, the rise to prominence of semiotics and structuralism. Postmodernism and a strong revival of academic literary studies have shared the stage since the start of the post-Soviet era. For the first time anywhere, this collection analyzes all of the important theorists and major critical movements during a tumultuous ideological period in Russian history, including developments in emigre literary theory and criticism. **Indian Defence Review**, **The Greek's Baby Bargain** Elizabeth Lennox, 2009-10-20 Emma is desperate.
