500 Common Chinese Proverbs and Colloquial Expressions Liwei Jiao,Benjamin Stone,2014-06-11 500 Common Chinese Proverbs and Colloquial Expressions is a dictionary of key Chinese proverbs or *suyu*. *Suyu* are vivid and colourful expressions widely used in Chinese language. The smooth use of *chengyu* in Chinese writing and of *suyu* in spoken Chinese not only makes communication more effective, it is also an indicator of mastery of the language. This dictionary will provide an ideal resource for all intermediate to advanced learners of Chinese. Concise and practical, it draws upon a large corpus of authentic language data to present 500 of the most commonly used Chinese *suyu*. The *suyu* are listed and organised according to their frequency, enabling easy and convenient access for the reader. Each proverb listing is given in both simplified and traditional characters, offers an English translation followed by English equivalents, is followed by two examples written in Chinese Pinyin and English, plus explanations and usage notes. Examples are given in the form of dialogues reflecting typical situations, and helpful cultural annotations are provided throughout. A Pinyin index, a stroke index, and a Chinese word index are presented at the back of the book, and accompanying audio is also available for free download at www.routledge.com 9780415501491. Recorded by native speakers and covering the whole range of proverbs, expressions, and example sentences featured in the book, this invaluable resource will help students to build up strong comprehension and communication skills. This dictionary is suitable both for class use and independent study, and will be of keen interest to students and teachers of Chinese alike.

Corpus Linguistics for Health Communication Gavin Brookes,Luke C. Collins,2023-12-22 Corpus Linguistics for Health Communication provides an accessible and practical introduction to the use of corpus linguistics methods to analyse health-related language use across various contexts and genres. Offering a critical review of the field, discussion of extended case studies, and practical exercises based on spoken, written, and digital language data, this book introduces the fields of health communication and corpus linguistics, and critically reviews cutting-edge studies in the burgeoning area of corpus-based health communication. It describes the processes involved in planning a corpus linguistics study of health communication, including designing and building a corpus, selecting tools, and implementing techniques of analysis. It demonstrates how corpus linguistics methods can and have been applied to the study of spoken, written, and digital health communication, offering critical reflections and suggesting areas for future development. Corpus Linguistics for Health Communication is essential reading for those working at the interface of corpus linguistics and health communication. Both those with a little or a lot of experience in either field will find value in its pages.
