Asia After the "miracle" Selig S. Harrison, Clyde V. Prestowitz, Economic Strategy Institute, 1998 Asia After the "Miracle" Selig S. Harrison, Clyde V. Prestowitz (Jr), 1998 **ASEAN's Diplomatic and Security Culture** Jurgen Haacke, 2013-05-13 Member states of ASEAN the Association of South East Asian Nations have developed a distinctive approach to political and security co operation which builds on the principles of sovereign equality non intervention and non interference quiet diplomacy mutual respect and the principle of not involving ASEAN in mediating bilateral disputes among the membership This book examines the origins of ASEAN s diplomatic and security culture and analyses how over time its key principles have been practised and contested as ASEAN states have responded to regional conflicts as well as challenges posed by the major regional powers ASEAN s enlargement and the Asian financial crisis The book goes on to assess whether ASEAN s diplomatic and security culture is likely to remain salient as the political economic and security context in which regional leaderships operate is undergoing further change **Asia After the "miracle"** Selig S. Harrison, Clyde V. Prestowitz, 1998 The Asian economic meltdown that began in 1997 has demonstrated the urgent need for a post cold war reappraisal of U S policy priorities in this critical region American policy rests on the premise that the United States does not have to choose between economic and security priorities in Asia because the American military presence is valued by regional powers in its own right But is this premise justified This timely book presents mini debates on the key issues facing the United States in Asia together with the recommendations of an Economic Strategy Institute Study Group composed of leading scholars businessmen diplomats and military leaders with Asian experience Among the wide ranging recommendations are controversial proposals for a gradual disengagement of U S combat forces from Japan and Korea The sixteen specialists who debate U S policy options in background papers prepared for the Study Group present conflicting perspectives on U S interests in China Japan Korea Taiwan Southeast Asia and South Asia In a policy challenging Overview editors Selig S Harrison and Clyde V Prestowitz Jr focus on the impact of the cold war on U S economic relations with Asia today and on the diminishing need for the forward deployment of U S forces resulting from improvements in U S airlift and sealift capabilities The contributors are Doug Bandow Barry Bosworth Ted Galen Carpenter James Clad Rear Adm Eugene Carroll Jr Charles W Freeman Jr Chalmers Johnson Geoffrey Kemp Paul H Kreisberg Nicholas R Lardy Martin L Lasater Mike Masato Mochizuki William J Taylor Ezra Vogel Allen S Whiting and Jeffrey Winters Selig S Harrison is a senior scholar of the Woodrow Wilson International Center for Scholars and a fellow of The Century Foundation His many books on U S relations with Asia include *The Widening Gulf Asian Nationalism and U S Policy* Clyde V Prestowitz Jr is president of the Economic Strategy Institute and former counselor to the Secretary of Commerce He is the author of *Trading Places How We Allowed Japan to Take the Lead* **US-Asia Economic Relations** Justin Robertson, 2008-09-02 Pt 1 Towards a different approach pt 2 US economic behaviour in Asia after the financial crisis pt 3 Explaining divergent US economic interests *Japan's*

How Asia Got Rich Edith Terry, 2015-05-20 Within a few short months in 1997 Asian economies that had been considered not only healthy but miraculous suddenly fell off a precipice as investors withdrew massively first from Asian currencies and in rapid order from equity markets across the region On October 27 1997 the turmoil in Asian markets spooked Wall Street in the largest single day decline in history a drop of 550 points It was predicted that the Asian crash could drive the US trade deficit from 191 billion to 300 billion by 1998 creating huge new tensions in relations with some of the largest US trading partners These wrenching changes following a generation of success raise numerous questions about the steps that led to the crisis its likely outcome and the limits and constraints of Asian capitalism Edith Terry presents a blow by blow account of the crisis beginning with the 1996 collapse of the Bangkok Bank of Commerce In her overview she links the fall of the Asian miracle with the theme of globalization arguing that the crisis demonstrates the urgency of dismantling restraints to trade investment and financial services and that the United States should take leadership in pushing for new and sweeping reform through the World Trade Organization and in bilateral negotiations with its trading partners The final section of the book deals with the rise of the Asian miracle how the myth was created who created it why it succeeded for so long and is informed by analysis of the Japanese prototype

The US-Japan Alliance in the 21st Century Fumio Ota, 2021-11-22 The year 2004 marked the 150th anniversary of the signing of the first treaty of peace and amity Treaty of Kanagawa between the United States and Japan a treaty which over time has both bloomed and failed and falls into three phases each lasting for a period of approximately fifty years Phase one which began in a context of force majeure but ended positively lasted until the Russo Japanese War of 1904 5 phase two began positively with the Treaty of Portsmouth which followed but ended disastrously with the outbreak of the Pacific War phase three began in 1952 with the San Francisco Peace Treaty and continues today The author who offers a significant Japanese view of the alliance as both a scholar and high ranking military officer explores the history but also poses the question what will be the relationship for the next fifty years Through a close analysis of the nature of alliances current issues and specific case studies including the impact of a possible peaceful reunification of the Korean peninsula he concludes that for the long term stability of the Asia Pacific region a continuing interdependent relationship between Japan and the US is a sine qua non Fumio Ota is a Vice Admiral retired of the Japanese Naval Defense Forces and until recently was Director of Japan's Defense Intelligence Headquarters

The Korean Conundrum Ted Galen Carpenter, Doug Bandow, 2025-09-23 The US seems

to be heading directly toward a confrontation with North Korea as Koreans in the south and nations around the world anxiously witness mounting tension Carpenter and Bandow take a look at the twin crises now afflicting US policy in East Asia the reemergence of North Korea's nuclear weapons program and the growing anti American sentiment in South Korea They question whether Washington's East Asia security strategy makes sense with the looming prospect of US troops stationed in South Korea becoming nuclear hostages Carpenter and Bandow put forth the most provocative solution yet to this gnarled and dangerous situation **Beyond the Developmental State** Ben Fine,Jyoti Saraswati,Daniela Tavasci,2013-05-10

Moving beyond abstract economic models and superficial descriptions of the market Beyond the Developmental State analyses the economic political and ideological interests which underpin current socio economic processes Through this approach the contributors show the close interrelation between states and markets in both national and international contexts Drawing on a wide range of case studies and themes the book exposes the theoretical and empirical limitations of the developmental state paradigm offering alternatives as well as discussing the policy implications and challenges they raise For scholars students and practitioners of development Beyond the Developmental State presents a decisive break with the old dogmas of both neoliberal orthodoxy and theories of market imperfection and outlines theoretically and empirically grounded alternatives Rise of China Hsin-Huang Michael Hsiao,Cheng-Yi Lin,2009-01-21

Despite the growing internal social unrest and disparity of economic development the People's Republic of China is the third largest world economy and the second largest defense spender Showing no clear signs of slowing down China's rise is seen as both an opportunity and a challenge by the major world powers This book examines every aspect of Beijing's strategies ranging from political economic and social challenges to the Taiwan and Hong Kong issues to the implications of these strategies in terms of China's place within the Asia Pacific and indeed within the world system Written by a stellar line up of international contributors the book will appeal to students and scholars of Chinese politics foreign policy political economy and social policy and China watchers alike **China's Future** Cato Institute,2000 This book is the outgrowth of a September 1999 Cato Institute conference
