NINETEEN Sahil Sidhwani, 2025-09-07 Nineteen A Journey Before Adulthood is more than a coming of age story it s a mirror held up to childhood to family to identity and to the tangled emotions of growing up in a world where things weren t always said out loud Born with a literal knot around my neck my life began in chaos and perhaps that was a sign of everything that would follow Through pages filled with school benches summer vacations first heartbreaks silent dinners hospital corridors family tensions friendships spiritual detours and the constant struggle for emotional freedom this book captures the life of a boy who always felt a little too much What began as a diary of memories slowly became a layered story of healing learning and self acceptance There are moments in these chapters that made me laugh till my stomach hurt and others that broke me down in ways I didn t have words for But through every loss joy prank and panic I found parts of myself I didn t even know were lost This isn t a story of perfection It s a story of survival Of childhood innocence meeting harsh realities Of being shaped by pain and still choosing joy I hope you the reader don t just read these pages but feel them Because maybe in my journey you ll find glimpses of your own *HISTORY & POLITICAL SCIENCE 10 MODEL QUESTION PAPERS WITH SOLUTION* A. The Truth Pill Dinesh Singh Thakur,Prashant Reddy Thikkavarapu,2022-10-10 Since 2004 when the fraud at Ranbaxy the largest Indian pharmaceutical company at the time first came to light the Indian pharmaceutical industry and clinical research organizations have been rocked by a series of scandals after investigations by American and European drug regulators While the West has responded to concerns about quality of Made in India medicine by blocking exports from many Indian pharmaceutical companies the Indian government responded not with regulatory reform but conspiracy theories about vested interests working against India More worryingly the Indian state has also turned a blind eye to a far more serious quality crisis in its domestic pharmaceutical market At times these quality issues manifest themselves in the deaths of Indian citizens as happened in early 2020 when 11 children died in Jammu because of adulterated cough syrup On other occasions a dodgy drug approval process has led to the Indian regulator approving sales of drugs that have never been approved by regulators in the developed markets The result is not just poor health outcomes but outsize profits for pharmaceutical companies manufacturing medicines that have never been validated through scientifically rigorous clinical trials for therapeutic evidence These twin crises in both the domestic and export markets is because India has either outdated regulations or no regulations in some areas Even the outdated regulations are enforced with kids gloves by drug inspectors and judicial magistrates who are ready to forgive even those whose drugs are found to contain barely any active ingredient or dangerously high levels of bacterial endotoxins In a race for growth of the pharmaceutical industry the Indian state has sacrificed scientific rigour and ignored the basic principles of public health Given India s position as the pharmacy
