Seven Seconds or Less Helen L. Stewart, Ph.D., 2013-09 *Seven Seconds or Less* is a book about applied intuition for mergers and partnerships, human resource management, new product development, and other important aspects of business. Companies and leaders have relied on intuition or gut feeling since the beginning of time. The proper use of intuition is a liberal art, not an occult one. This book demystifies the process of learning to use intuition on demand in the world of business. Through the use of intuitive techniques and qualified professionals, companies can have the benefit of hindsight now. They can find out in advance how actual or potential decisions play out in the future and adjust those decisions to avoid undesirable outcomes while increasing desirable ones. The result is greater productivity, higher morale, lower costs, and better service. The techniques are lighthearted and fun, and yet the implications are significant. Decision making in seven seconds or less may

signal a new era in business development *Sustainable Cities in American Democracy* Carmen Sirianni, 2020-09-25 We face two global threats the climate crisis and a crisis of democracy Located at the crux of these crises sustainable cities build on the foundations and resources of democracy to make our increasingly urban world more resilient and just Sustainable Cities in American Democracy focuses on this effort as it emerged and developed over the past decades in the institutional field of sustainable cities a vital response to environmental degradation and climate change that is shaped by civic and democratic action Carmen Sirianni shows how various kinds of civic associations and grassroots mobilizing figure in this story especially as they began to explicitly link conservation to the future of our democracy and then develop sustainable cities as a democratic project These organizations are national local or multitiered from the League of Women Voters to the Natural Resources Defense Council to bicycle and watershed associations Some challenge city government agencies contentiously while others seek collaboration many do both at some point Sirianni uses a range of analytic approaches from scholarly disciplines policy design urban governance social movements democratic theory public administration and planning to understand how such diverse civic and professional associations have come to be both an ecology of organizations and a systemic and coherent project The institutional field of sustainable cities has emerged with some core democratic norms and civic practices but also with many tensions and trade offs that must be crafted and revised strategically in the face of new opportunities and persistent shortfalls Sirianni s account draws ambitious yet pragmatic and hopeful lessons for a Civic Green New Deal a policy design for building sustainable and resilient cities on much more robust foundations in the decades ahead while also addressing democratic deficits in our polarized political culture **Strategy and Change** Aaron K. Gathered Before God Jane Rogers Vann, 2004-01-01 What is the central purpose of the church today How can churches experience renewal through

worship In Gathered before God Jane Rogers Vann answers these important questions by studying ten vibrant small medium and large churches Her findings she argues show that worship is the most important thing churches do and is vital to the renewal of congregational life Vann explores how these congregations changed into worship centered churches and how their experiences can help other churches do the same Gathered before God offers resources for pastors worship leaders and Christian educators to reflect on their worship leading to an openness to change and processes to help church leaders support each other during the periods of reform and renewal Moving beyond the contemporary versus traditional debate Gathered before God is an earnest call for us all to reclaim worship as a central act of our life together as Christians that expresses clearly what the church believes about God itself and the world
